

Kantharia-Mine/EC/Compliance/2025-26/0249

Through Email

Date 22/05/2026

To,  
**The Director (M),**  
Ministry of Environment, Forest & Climate Change,  
Indira Paryavaran Bhawan, JOR Bagh Road, Aliganj,  
**New Delhi - 110003**

**Sub:** Environmental Clearance Compliance report for the period of **October 2025 to March 2026** of China Clay Mine, Production Capacity of 150000 TPA and installed 65 TPH Crusher at China Clay Mines M.L. 27/92 (Area- 53.8424 Ha.). N/V: Kantharia, Tehsil & District: Chittorgarh (Rajasthan) owned by M/s J. K. White Cement Works, P.O.– Gotan, District- Nagaur, Rajasthan.

**Ref.:** EC letter no. - J-11015/296/2011-IA. II (M) dated: 03.07.2015

Dear Sir,

Kindly refer to the above subject matter and refer EC letter no., please find enclosed herewith EC compliance report for the period of **October 2025 to March 2026**.

As per MoEF & CC notification no. S.O. 5845 (E) 26.11.2018 the soft copy of same has been sent through email to [seiaaseiaa2018@gmail.com](mailto:seiaaseiaa2018@gmail.com), [iro.jaipur-mefcc@gov.in](mailto:iro.jaipur-mefcc@gov.in), [moef@nic.in](mailto:moef@nic.in), [ccb.cpcb@nic.in](mailto:ccb.cpcb@nic.in), [member-secretary@rpcb.nic.in](mailto:member-secretary@rpcb.nic.in), [cpcb.bhopal@gov.in](mailto:cpcb.bhopal@gov.in), [monitoring-ec@nic.in](mailto:monitoring-ec@nic.in), [ro.chittorgarh@gmail.com](mailto:ro.chittorgarh@gmail.com).

We hope that the compliance is in order.

Thanking you.

Yours Faithfully

**For J. K. White Cement Works**

**Manish Toshniwal**  
Unit Head (Operations)

**Encl: as above**

<b>Reporting Year</b>	2026
<b>Remarks (if any)</b>	Six Monthly Compliance Report of China Clay Mine production capacity of 150000 TPA and installed 65 TPH Crusher at China Clay Mines M.L. 27/92 (Measuring 53.8424 Hectares). N/V: Kantharia, Tehsil and District - Chittorgarh (Rajasthan) Owned by M/s. J.K. White Cement Works, P.O.-Gotan, District-Nagaur, Rajasthan-342902, and Compliance of Environmental Clearance No. J-11015/296/2011-IA.II (M) dated: 03.07.2015. For the Period of October 2025 to March 2026.
<b>Reporting Period</b>	01 Jun(01 Oct - 31 Mar)

**Details of Production and Project Area**

**Name of Entity / Corporate Office** J.K White Cement Works

	Project Area as per EC Granted	Actual Project Area in Possession
Private	53.8424	53.8424
Revenue Land	0	0
Forest	0	0
Others	N/A	N/A
Total	53.8424	53.8424

### Others Area

Sr. no	Other Name	Area Granted	Area Actual
1	NA	NA	NA

### Production Capacity

Sr. no	Product Name	units	Valid Upto	Capacity	Production last year	Capacity as per CTO
1	China Clay (ROM)	Tons per Annum (TPA)	31/03/2029	150000	0	150000
2	Crusher	Others:Tonne Per Hour (TPH)	31/03/2029	65	0	65

### Conditions

#### Specific Conditions

Sr.No.	Condition Type	Condition Details
1	Statutory compliance	There shall be planning, developing and implementing facility of rainwater harvesting measures on long term basis in consultation with Regional Director, Central Groundwater Board and implementation of conservation measures to augment ground water resources in the area in consultation with Central Ground Water Board.
<b>PPs Submission:</b> Being Complied Rainwater harvesting pit has been constructed and maintained Photographs are attached as Annexure -2.		Date: 21/05/2026
2	Statutory compliance	Use of effective sprinkler system to suppress fugitive dust on haul roads and other transport roads shall be ensured Washing of all transport vehicle should be done inside the mining lease.
<b>PPs Submission:</b> Being Complied Water tanker fitted with sprinkler is being used for suppressing fugitive dust. Washing of transport vehicles is not required.		Date: 21/05/2026
3	Corporate Environmental Responsibility	Implementation of Environment Management Policy of the Company w.r.t. judicious use of Mineral resources for growth and development synchronizing mining and environment with prosperity.

<p><b>PPs Submission:</b> Complied Environment Management Policy has been implemented.</p>		<p>Date: 21/05/2026</p>
4	Statutory compliance	The project Proponent shall also take all precautionary measures during mining operation for conservation and protection of endangered flora/fauna, if any, spotted in the study area.
<p><b>PPs Submission:</b> Being Complied Noted</p>		<p>Date: 21/05/2026</p>
5	Statutory compliance	The illumination and sound at night at project site, disturb the villages in respect of both human and animal population. Consequent sleeping disorders and stress may affect the health in the villages located close to mining operations. Habitations have a right for darkness and minimal noise levels at night. Project Proponent must ensure that the biological clock of the villages is not disturbed by orienting the floodlights/masks away from the villagers and keeping the noise levels well within the prescribed limits for day light/night hours.
<p><b>PPs Submission:</b> Being Complied Noted. We will operating strictly in day hours only. Noise levels are kept well within the limit by proper maintenance of machines and we regularly monitor the same.</p>		<p>Date: 21/05/2026</p>
6	Statutory compliance	Main haulage road in the mine should be provided with permanent water sprinklers and other roads should be regularly wetted with water tankers fitted with sprinklers.
<p><b>PPs Submission:</b> Being Complied Water tanker fitted with sprinkler is being used for dust suppression on haul roads.</p>		<p>Date: 21/05/2026</p>
7	Statutory compliance	Transportation of the minerals by road passing through the village shall not be allowed. A bypass road should be constructed (say, leaving a gap of at least 200 meters) for the purpose of transportation of the minerals so that the impact of sound, dust and accidents could be mitigated. The Project Proponent shall bear the cost towards the widening and strengthening of existing public road network in case the same is proposed to be used for the Project. No road movement should be allowed on existing village road network without appropriately increasing the carrying capacity of such roads.
<p><b>PPs Submission:</b> Being Complied Noted</p>		<p>Date: 21/05/2026</p>
8	Statutory compliance	Likewise, Alteration or re-routing of foot paths, pagdandies, cart roads, and village infrastructure/public utilities or roads (for purposes of land acquisition for mining) shall be avoided to the extent possible and in case such acquisition is inevitable, alternative arrangements shall be made first and then only the area acquired. In these types of cases, Inspection reports by site visit by experts may be insisted upon which should be done through reputed Institutes.
<p><b>PPs Submission:</b> Being Complied Noted and agreed.</p>		<p>Date: 21/05/2026</p>
9	Statutory compliance	CSR activities by Companies including the Mining Establishments has become mandatory up to 2 percentage of their financial Turn-

		over, Socio Economic Development of the neighborhood habitats could be planned and executed by the Project Proponent more systematically based on the Need based door to door survey by established Social Institutes/Workers. The report shall be submitted to the Ministry of Environment and Forest and its Regional Office located at Lucknow on six monthly basis.
<b>PPs Submission:</b> Complied CSR activities are being undertaken by the Company.		Date: 21/05/2026
10	Statutory compliance	Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, creche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
<b>PPs Submission:</b> Being Complied Labor belongs to nearby villages and prefers to go home after completion of duty. Hence, there is no colony in the lease area.		Date: 21/05/2026
11	Statutory compliance	A final Mine Closure Plan along with details of Corpus Fund shall be submitted to the Ministry of Environment, Forest and Climate Change 5 years in advance of final mine closure for approval.
<b>PPs Submission:</b> Being Complied Noted and Agreed.		Date: 21/05/2026
12	Statutory compliance	Environmental clearance is subject to obtained clearance, if any, under the Wildlife (Protection) Act, 1972 from the Competent Authority, as may be applicable to this project.
<b>PPs Submission:</b> Being Complied Noted		Date: 21/05/2026
13	Statutory compliance	No mining activities will be allowed in forest area, if any, for which the Forest Clearance is not available.
<b>PPs Submission:</b> Being Complied Mining lease does not fall under forest area. NOC from DFO for the same is enclosed as Annexure - 1		Date: 21/05/2026
14	Statutory compliance	The Project Proponent shall obtain Consent to Operate from the State Pollution Control Board, Rajasthan and effectively implement all the conditions stipulated therein.
<b>PPs Submission:</b> Being Complied CTO obtained from RSPCB vide letter no. F(Mines)Chittorgarh/1897/(1)/2016-2017/1-5 dated 02-04-2024 which is Valid up to 31-03-2029 for China Rom Clay and For Crusher CTO obtained from RSPCB vide letter no. F(Mines)Chittorgarh/1897 (1) /2016-2017/442-443 dated 08-11-2024 which is Valid up to 31-03-2029.		Date: 21/05/2026
15	Statutory compliance	The local species may be recommended to be encouraged and species are so chosen that the slope, bottom of the dumps and top of the dumps are able to sustain these species..
<b>PPs Submission:</b> Being Complied Noted and agreed.		Date:

		21/05/2026
16	Human Health Environment	Proponent shall appoint an Occupational Health Specialist for Regular and Periodical medical examination of the workers engaged in the Project and maintain records; accordingly, also, Occupational health check-ups for workers having some ailments like BP, diabetes, habitual smoking, etc. shall be undertaken once in six months and necessary remedial/preventive measures taken accordingly. The Recommendations of the National Institute for ensuring good occupational environment for mine workers shall be implemented. The prevention measure for burns, malaria and provision of anti-snake venom including all other paramedical safeguards may be ensured before initiating the mining activities.
<b>PPs Submission:</b> Being Complied Periodic medical check-ups are being carried out, and no occupational disease has been observed so far.		Date: 21/05/2026
17	PUBLIC HEARING	Implementation of Action Plan on the issues raised during the Public Hearing shall be ensured. The PP shall complete all the tasks as per the Action Plan submitted with budgetary provisions during the Public Hearing.
<b>PPs Submission:</b> Complied All the issues raised during the public hearing are well addressed as per the submitted action plan.		Date: 21/05/2026
18	WATER QUALITY MONITORING AND PRESERVATION	The mining operations shall be restricted to above ground water table, and it should not intersect groundwater table. In case of working below ground water table, prior approval of the Ministry of Environment, Forest and Climate Change and Central Ground Water Authority shall be obtained, for which a detailed hydro-geological study shall be carried out. The Report on six monthly basis on changes in Ground Water level and quality shall be submitted to the Regional Office of the Ministry
<b>PPs Submission:</b> Being Complied Noted		Date: 21/05/2026
19	Statutory compliance	The pollution due to transportation load on the environment will be effectively controlled and water sprinkling will also be done regularly. Vehicles with PUC only will be allowed to ply. The mineral transportation shall be carried out through covered trucks only and the vehicles carrying the mineral shall not be overloaded. Project should obtain PUC certificate for all the vehicles from authorized pollution testing centers.
<b>PPs Submission:</b> Being Complied The water spray on haul road is being carried out. Only valid PUC vehicle is being used.		Date: 21/05/2026
20	Statutory compliance	Environmental clearance is granted subject to final outcome of Honble Supreme Court of India, Honble High Court of Rajasthan and any other Court of Law, if any, as may be applicable to this project.
<b>PPs Submission:</b> Being Complied Noted and agreed.		Date: 21/05/2026

## General Conditions

Sr.No.	Condition Type	Condition Details
1	Statutory compliance	No change in mining technology and scope of working should be made without prior approval of the Ministry of Environment, Forest and Climate Change.
<b>PPs Submission:</b> Being Complied We are ensuring that Mining activities will be carried out as per the approved mining plan.		Date: 21/05/2026
2	Statutory compliance	No change in the calendar plan including excavation, quantum of mineral and waste should be made.
<b>PPs Submission:</b> Being Complied Excavation is being done as per the approved mining plan.		Date: 21/05/2026
3	Statutory compliance	The Project Proponent shall obtain necessary prior permission of the competent authorities for drawl of requisite quantity of surface water and ground water for the project.
<b>PPs Submission:</b> Being Complied Noted.		Date: 21/05/2026
4	WATER QUALITY MONITORING AND PRESERVATION	Regular monitoring of ground water table to be carried out at the upstream and depth of water available in the dug well is to be measured. Monitoring to be done by establishing a network of existing wells and constructing new piezometers.
<b>PPs Submission:</b> Being Complied Not Applicable. The mining operations are restricted well above the ground water table. As the project does not involve dewatering or intersection of the aquifer.		Date: 21/05/2026
5	AIR QUALITY MONITORING AND PRESERVATION	Monitoring of Ambient Air Quality to be carried out based on the 2009 Notification, as amended from time to time by the Central Pollution Control Board. Water sprinkling should be increased at places loading and unloading points and transfer point to reduce fugitive emissions.
<b>PPs Submission:</b> Being Complied Ambient Air Quality Monitoring is being carried out by NABL recognized lab, copy of report is attached as Annexure-4. Water Sprinkling is done for dust suppression. Photographs are attached as Annexure-3.		Date: 21/05/2026
6	MISCELLANEOUS	The upliftment of scheduled caste/scheduled tribe population, specific programmes have been taken in the consideration especially with respect to education, health care, livelihood generation, infrastructure development and promotion of sports and culture for SC/ST population and that these will be intensified in future.
<b>PPs Submission:</b> Being Complied Noted.		Date: 21/05/2026
7	MISCELLANEOUS	The top soil, if any, shall temporarily be stored at earmarked site(s) only and it should not be kept unutilized for long. The topsoil shall be used for land reclamation and plantation. The over burden (OB) generated during the mining operations shall be stacked at earmarked dump site(s) only and it should not be kept active for a long period of

		time. The maximum height of the dumps shall not exceed 8m and width 20m and overall slope of the dumps shall be maintained to 45°. The OB dumps should be scientifically vegetated with suitable native species to prevent erosion and surface run off. In critical areas, use of geo textiles shall be undertaken for stabilization of the dump. The entire excavated area shall be backfilled and afforested. Monitoring and management of rehabilitated areas should continue until the vegetation becomes self-sustaining. Compliance status shall be submitted to the Ministry of Environment, Forest and Climate Change and its Regional Office located at Lucknow on six monthly basis.
<b>PPs Submission: Being Complied</b> Mining is being carried out as per the approved mining plan. Topsoil is utilized for plantation purposes. Overburden dumps scientifically vegetated with native species.		Date: 21/05/2026
8	MISCELLANEOUS	Catch drains and siltation ponds of appropriate size shall be constructed around the mine working, mineral and OB dumps to prevent run off of water and flow of sediments directly into the river and other water bodies. The water so collected should be utilized for watering the mine area, roads, green belt development etc. the drains shall be regularly desilted particularly after monsoon and maintained properly. The drains settling tanks and check dams of appropriate size, gradient and length shall be constructed both around the mine pit and over burden dumps to prevent run off of water and flow of sediments directly into the river and other water bodies and sump capacity should be designed keeping 50 percent safety margin over and above peak sudden rainfall (based on 50 years data) and maximum discharge in the area adjoining the mine site. Sump capacity should also provide adequate retention period to allow proper settling of silt material. Sedimentation pits shall be constructed at the corners of the garland drains and desilted at regular intervals.
<b>PPs Submission: Being Complied</b> Catch drains (800mX1mX1.5m) and siltation pond (25mX50m) have been prepared to arrest silt and sediment flows from mine pit and over burden dumps. The water collected in mine pit is being utilized for dust suppression, haul roads, plantation, greenbelt development.		Date: 21/05/2026
9	GREENBELT	Plantation shall be raised in a 7.5m wide green belt in the safety zone around the mining lease, backfilled and reclaimed area, around water body, along the roads etc. by planting the native species in consultation with the local DFO/Agriculture Department. The density of the trees should be around 2500 plants per ha. Greenbelt shall be developed all along the mine lease area in a phased manner and shall be completed within first five years.
<b>PPs Submission: Being Complied</b> Greenbelt/ plantation is being carried out as per mining plan in phase manner Total Plantation up to September 2025 is 6945 Nos		Date: 21/05/2026
10	MISCELLANEOUS	Dimension of the retaining wall at the toe of over burden dumps and OB benches within the mine to check run-off and siltation shall be based on the rain fall data.
<b>PPs Submission: Being Complied</b> Dimension of the retaining wall at the toe of over burden dumps and OB benches within the mine to check run-off and siltation shall be based on the rain fall data.		Date: 21/05/2026
11	MISCELLANEOUS	Effective safeguard measures such as regular water sprinkling shall be carried out in critical areas prone to air pollution and having high levels of PM10 and PM2.5 such as haul road, loading and unloading

		point and transfer points. It shall be ensured that the Ambient Air Quality parameters conform to the norms prescribed by the Central Pollution Control Board in this regard.
<b>PPs Submission:</b> Being Complied Water Sprinkling is done on haul road, loading and unloading point to maintain Ambient Air Quality parameters.		Date: 21/05/2026
12	WATER QUALITY MONITORING AND PRESERVATION	Regular monitoring of the flow rate of the springs and perennial nallahs flowing in and around the mine lease shall be carried out and records maintained. Regular monitoring of water quality upstream and downstream of water bodies shall be carried out and record of monitoring data should be maintained and submitted to the Ministry of Environment, forest and Climate Change, its regional Office, Lucknow, Central Groundwater Authority, Regional Director, Central Ground Water Board, State Pollution Control Board and Central Pollution Control Board
<b>PPs Submission:</b> Being Complied Noted There are no water bodies inside and near the lease area.		Date: 21/05/2026
13	WATER QUALITY MONITORING AND PRESERVATION	Regular monitoring of ground water level and quality shall be carried out in and around the mine lease by establishing a network of existing wells and constructing new piezometers during the mining operation. The monitoring shall be carried out four times in a year- pre-monsoon (April-May), monsoon (August), Post-monsoon (November) and winter (January) and the data thus collected may be sent regularly to Ministry of Environment, Forest and Climate Change and its Regional Office, Lucknow, Central Ground Water Authority and Regional Director, Central Ground Water Board
<b>PPs Submission:</b> Being Complied Ground water is not withdrawal from the lease area for mining purposes. Rainwater accumulated in mine sump is used for sprinkling on haul roads and plantation purposes. Mining activities do not intersect the GW table.		Date: 21/05/2026
14	Statutory compliance	The critical parameters such as PM10 (size less than 10 micrometer), PM2.5 (size less than 2.5 micrometer), NOx in the ambient air within the impact zone, peak particle velocity at 300m distance or within the nearest habitation, whichever is closer shall be monitored periodically. Further, quality of discharged water shall also be monitored TDS, DO, PH and total Suspended Solids (TSS). The monitored data shall be uploaded on the website of the company as well as displayed on a display board at the project site at a suitable location near the main gate of the Company in public domain. The circular No. J-20012/2006-IA.II (M) dated 27.05.2009 issued by Ministry of Environment, Forest and Climate Change, which is available on the website of the Ministry <a href="http://www.envfor.nic.in">www.envfor.nic.in</a> shall also be referred in this regard for its compliance.
<b>PPs Submission:</b> Being Complied Ambient air quality-monitoring is being carried out by NABL recognized lab and report is attached in Annexure - 4. The monitored data is displayed on a display board at the project site near lease boundary in public domain.		Date: 21/05/2026
15	AIR QUALITY MONITORING AND PRESERVATION	Four ambient air quality-monitoring stations should be established in the core zone as well as in the buffer zone for PM10, PM2.5, SO2 and NOx monitoring. Location of the stations should be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets and frequency of

		monitoring should be undertaken in consultation with the State Pollution Control Board. Data on ambient air quality should be regularly submitted to the Ministry including its Regional Office located at Lucknow and the State Pollution Control Board/Central Pollution Control Board once in six months.
<b>PPs Submission:</b> Being Complied Ambient air quality-monitoring stations have been set up in Core Zone and Buffer Zone. Regular monitoring has been carried out. Results are within the standards and being submitted to Regulatory Agencies.		Date: 21/05/2026
16	Statutory compliance	Fugitive dust emissions from all the sources should be controlled regularly. Water spraying arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.
<b>PPs Submission:</b> Being Complied Mines not in operation. We will take all precaution during mines operation for controlling fugitive emission.		Date: 21/05/2026
17	Noise Monitoring & Prevention	Measures should be taken for control of noise levels below 85 dBA in the work environment. Workers engaged in operations of HEMM, etc. should be provided with ear plugs/muffs.
<b>PPs Submission:</b> Being Complied Measures are taken for control of ambient noise levels. Workers are provided with all the necessary Personal Protective Equipment such as Helmet, Nose Mask, Safety Shoes etc.		Date: 21/05/2026
18	Statutory compliance	Industrial wastewater (workshop and wastewater from the mine) should be properly collected, treated so as to conform to the standards prescribed under GSR 422 (E) dated 19th May, 1993 and 31st December, 1993 or as amended from time to time. Oil and grease trap should be installed before discharge of workshop effluents.
<b>PPs Submission:</b> Complied There is no industrial wastewater generated from mines operation.		Date: 21/05/2026
19	Statutory compliance	Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects.
<b>PPs Submission:</b> Being Complied PPEs have been proved to all workmen and employees.		Date: 21/05/2026
20	Human Health Environment	Occupational health surveillance program of the workers should be undertaken periodically to observe any contractions due to exposure to dust and take corrective measures, if needed.
<b>PPs Submission:</b> Being Complied Regular medical check-up of the workers is conducted and no contractions due to exposure to dust has been observed.		Date: 21/05/2026
21	MISCELLANEOUS	A separate environmental management cell with suitable qualified personnel should be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.
<b>PPs Submission:</b> Complied Separate environmental management cell with suitable qualified personnel and headed by Senior		Date: 21/05/2026

Executive is already set up.		
22	MISCELLANEOUS	The funds earmarked for environmental protection measures should be kept in separate accounts and should not be diverted for other purposes. Year wise expenditure should be reported to the Ministry and its Regional Office located at Lucknow.
<b>PPs Submission:</b> Complied Complying with.		Date: 21/05/2026
23	Statutory compliance	A copy of clearance letter will be marked to concerned Panchayat/local NGO, if any, from whom suggestion/representation has been received while processing the proposal.
<b>PPs Submission:</b> Complied Complied		Date: 21/05/2026
24	Statutory compliance	State Pollution Control Board should display a copy of the clearance letter at the Regional Office, District Industry Centre and Collector office/Tehsildar Office for 30 days.
<b>PPs Submission:</b> Complied Complied		Date: 21/05/2026
25	Statutory compliance	The project authorities should advertise at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of the clearance letter informing that the project has been accorded environmental clearance and a copy of the clearance letter is available with the State Pollution Control Board and also at website of the Ministry of Environment, Forest and Climate Change at <a href="http://envfor.nic.in">http://envfor.nic.in</a> and a copy of the same should be forwarded to the Regional Office of this Ministry located at Lucknow.
<b>PPs Submission:</b> Complied The advertisement has been published in two local newspapers. Rajasthan Patrika on 07.07.2015 Dainik Bhaskar on 07.07.2015		Date: 21/05/2026
26	Statutory compliance	The Ministry or any other Competent Authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.
<b>PPs Submission:</b> Being Complied Agreed.		Date: 21/05/2026
27	Statutory compliance	Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.
<b>PPs Submission:</b> Being Complied Noted and agreed.		Date: 21/05/2026
28	Statutory compliance	The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability

		Insurance Act, 1991 along with their amendments and rules made there under and also any other orders passed by the Honble Supreme Court of India/High Court of Rajasthan and any other Court of Law relating to the subject matter.
<b>PPs Submission:</b> Being Complied Agreed.		Date: 21/05/2026
29	Statutory compliance	Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
<b>PPs Submission:</b> Being Complied Agreed.		Date: 21/05/2026
30	Statutory compliance	The project authorities should inform to the Regional Office located at Lucknow regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.
<b>PPs Submission:</b> Being Complied Noted and agreed.		Date: 21/05/2026
31	Statutory compliance	The regional office of this Ministry located at Lucknow shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officers) of the regional Office by furnishing the requisite data/information/monitoring reports..
<b>PPs Submission:</b> Being Complied Noted and agreed.		Date: 21/05/2026
32	Statutory compliance	The Project Proponent shall submit six monthly reports on the status of the implementation of the stipulated environmental safeguards to the Ministry of Environment, Forest and Climate Change, and its Regional Office, Lucknow, Central Pollution Control Board and State Pollution Control Board.
