

TaMo to supply 10K Xpres-Ts in largest fleet order for EVs

Prices start from ₹10.58 lakh, models come in two trims

SHALLY SETH MOHILE
Mumbai, 6 June

On the occasion of the World Environment Day, Tata Motors has signed an agreement with BluSmart Mobility - the country's largest fully-electric ride-hailing service firm - for delivering 10,000 Xpres-T electric vehicles (EVs), making it the biggest-ever EV fleet order in India.

With deliveries starting soon, these vehicles are an addition to the order for 3,500 Xpres-T EVs signed by both companies in October last year, and will be availed of by commuters, in turn helping minimise the carbon footprint, Tata Motors said in a statement on Monday.

The companies did not disclose the time period over which the order will be executed. With prices starting from ₹10.58 lakh for the base variant (ex-showroom, including FAME subsidy), the models come in two trims. Analysts peg the value of the order to be around ₹1,058 crore. Given the magnitude of the order, it is likely to be executed in small tranches in a two- to three-year period, they said.

“Tata Motors is taking active steps towards rapid electrification of mobility, and it is heartening to see renowned fleet aggregators joining the green mobility wave with us,” said Shailesh Chandra, managing director, Tata Motors Passenger Vehicles and Tata Passenger Electric Mobility.

The Xpres-T EV fleet offers optimal battery size, along with a captive fast-charging solution. It has already set benchmarks in its category, claimed the company.

With \$50 million in Series A fund-raise, BluSmart is “super-charged to rapidly expand across Delhi-National Capital Region and metro cities”, said Anmol Singh Jaggi, co-founder, BluSmart Mobility, in a statement.

BluSmart Mobility has covered 50 million clean kilometres (km) and delivered over 1.6 million zero-emission rides.

“We are building a large-scale integrated EV mobility ecosystem in India - from the country's largest fully-electric ride-hailing service to the largest network of EV charging

Shailesh Chandra, MD, Tata Motors Passenger Vehicles (right), with Anmol Singh Jaggi, co-founder, BluSmart Mobility

super hubs. With increasing fleet size, we are leading India on the path to reliable, sustainable, and zero-emission mobility and also creating more inclusive and economic opportunities for driver partners,” said Jaggi.

In July 2021, Tata Motors launched the Xpres brand exclusively for fleet customers. The Xpres-T EV is the first vehicle under this brand. It is based on the pre-facelift of the Tigor EV. The Xpres-T electric sedan comes with two range options - 213 km and 165 km (Automotive Research Association of India-certified range under test conditions).

It claims to pack a high energy density battery of 21.5 kilowatt hour (kWh) and 16.5 kWh and can be charged from 0- 80 per cent in 90 minutes and 110 minutes, respectively, using fast-charging or can also be normally charged from any 15-ampere plug point, which is easily available and convenient.

It comes with zero tail-pipe emission, single-speed automatic transmission, dual airbags, anti-lock braking system with electronic brake-force distribution as standard across variants.

Tata Motors controlled 87 per cent of the EV market in the passenger vehicle segment at the end of 2021-22, with over 25,000 Tata EVs on road to date in the personal-use and fleet segments.

Expect over 1 mn new shoppers in flagship sale this year: Myntra CEO

PEERZADA ABRAR
Bengaluru, 6 June

There is a huge resurgence in the fashion category this year as an increasing number of people step outside to shop for fashion products for social occasions and work, said Nandita Sinha, chief executive officer (CEO), Myntra. They are buying workwear due to the reopening of offices and educational institutions.

Sinha, who took over as CEO of the Walmart-owned online fashion retailer in January, is gearing up for the firm's biannual flagship sale event - End Of Reason Sale (EOSS) - this week. She is expecting it to be the country's biggest fashion event. Over 5 million customers are expected to transact on the platform.

Myntra is poised to expect over 1 million new customers, with over 40 per cent of the overall traffic coming from tier 2/3 cities and towns.

“There are many fashion occasions that have actually catapulted demand for categories, such as back-to-work, social gatherings, and back-to-college. People are prepping up for the festival season in the second half of July,” said Sinha, in an interview, adding, “There is a huge amount of fashion

FOR GOOD 'REASON'

- 5 million** No. of shoppers Myntra's End of Reason Sale 16 intends to serve
- 16,000** Orders to be handled per minute at peak hours
- 1,000** Live sessions hosted by over 2,500 influencers
- 85%** Deliveries expected to be fulfilled by 21,000 kirana partners
- 27,500** People it'll provide direct and indirect seasonal job opportunities to

► Nandita Sinha, CEO, Myntra

consumption that is happening. Also, over the past two years, consumers have been very engaged with social media and social commerce (for fashion products).”

Sinha said the 16th edition of Myntra's biannual EOSS, which will be held from June 11-16, is going to be bigger and better than the earlier editions, comprising the biggest-ever collection of 1.4 million styles across 5,000-plus brands.

The six-day event is set to provide offers from fashion, lifestyle, beauty, personal care and home categories, catering

to over 5 million unique customers across the country, with an expected uptick in demand by over 3x of business-as-usual (BAU) and 26 per cent increase in traffic over the previous July edition.

“This EOSS, we have been able to provide direct and indirect employment to over 27,000 professionals across supply-chain logistics and customer support,” said Sinha, adding, “What makes us very proud is the fact that 2,000 of them are women and 300 differently-abled, reinforcing our commitment to inclusion

and diversity.”

Sinha said Myntra's countrywide network of 21,000 kirana store partners (Myntra Extended Network for Service Augmentation network) will cater to over 19,000 pincodes, fulfilling 85 per cent of deliveries and providing crucial support to the last-mile delivery process during the event.

The Myntra platform is geared to handle 16,000 orders per minute and 1.1 million concurrent users during peak hours.

EOSS 16 has created over 27,500 direct and indirect seasonal employment opportunities across warehouses, last-mile delivery, and contact centres to cater to the expected surge in demand.

“In terms of scale, we are expecting 3x traffic, (compared) to what it is during (BAU),” said Sinha.

According to sources, the firm is expecting 1.5x growth in terms of products sold, compared to EOSS 14 in July 2021, which saw over 18 million products ordered by 4.2 million customers across the country. It recorded 4x growth over BAU.

To cater to changing customer needs, Myntra has onboarded 100 new brands ahead of EOSS and increased

its style selection by 40 per cent from the previous July edition. This gives shoppers a wide catalogue of products from top international and domestic brands, including direct-to-consumer brands to choose from. Customers will have access to brands such as U.S. Polo Assn., Puma, Biba, Roadster, H&M, and Mango.

StyleCast, Myntra's go-to destination for Generation Z shoppers, has scaled its offerings by 5x since launch to over 35,000 styles. Some of the key category highlights include sportswear, with over 2,000 brands being offered. This is followed by beauty and personal care, bringing about 1,100 brands with over 53,000 styles and special offers.

In a first, Myntra is enabling access to hundreds of limited high-value offers on beauty and personal care, including ‘Buy One, Get One’ constructs.

Myntra will provide a unique shopping experience through its M-Live property to those shoppers who get inspired by influencer choices and absorb their content to create styles for themselves. Its social commerce propositions - Myntra Studio and M-Live - will host 1,000 sessions by 1,000 influencers with shoppable content.

ACME to invest ₹52,000 cr for hydrogen plant

KARTHIK JEROME
New Delhi, 6 June

Renewable Energy company ACME Cleantech has signed a Memorandum of Understanding (MoU) to invest ₹52,000 crore in setting up a hydrogen and ammonia plant with associated solar power unit in Mangaluru, the company said in a statement on Monday.

The Gurugram-based firm signed the MoU in presence of Karnataka Chief Minister Basavaraj Bommai. “The state government will provide all support and cooperation for speedy implementation of the project,” he said.

The MoU was signed by E V Ramana Reddy, additional chief secretary in the commerce and industries department, and Sandeep Kashyap, chief operating officer of

ACME Cleantech Solutions.

Bommai was quoted as saying in the meeting, “It has been proved again that Karnataka is the most ideal destination for investments. Karnataka has been successful in drawing highest foreign direct investments among the states in the country. The FDI inflow during the last three quarters is testimony to this achievement.”

ACME Group has established a hydrogen-ammonia solar plant in Bikaner, Rajasthan, which produces 5 megawatts-peak of green hydrogen scalable to 10 MWp. The plant will help save about 4,400 tonnes of CO2 emissions per annum.

The firm has built a solar portfolio of over 6 gigawatts-peak and operates over 1.5 GWp of capacity with another 10 GWp under construction.

Maruti sets up 20 MWp solar unit at Manesar

Maruti Suzuki India (MSI) on Monday said it had set up a 20 MWp solar power plant at its Manesar-based manufacturing facility.

The initiative will contribute 28,000 MWp per annum, which is equivalent to the energy required for the production of over 67,000 cars annually.

“Harnessing renewable energy is the need of the hour. We are committed to the Government's vision of making India rich in the use of

renewable energy sources,” MSI Managing Director and CEO Hisashi Takeuchi said in a statement.

The company's efforts are aligned towards encouraging decarbonisation in a bid to bring down emissions, he added.

“Our company has been committed to the cause of expanding the use of sustainable energy options to optimise our operations. The power generation from this

initiative will constitute over 11.5 per cent of the power requirement of the facility at Manesar,” Takeuchi noted.

MSI said it has been harnessing solar energy since 2014 when it installed the first solar power plant of 1 MWp capacity at its Manesar facility, which was later expanded to 1.3 MWp. Maruti Suzuki commissioned a 5 MWp carport style photovoltaic solar power plant at its Gurugram facility in 2020. PTI

Arvind cuts garment capacity in Ethiopia

With uncertainty looming over extension of the African Growth and Opportunity Act (AGOA) Treaty, Arvind Limited is gradually cutting down its garment capacity in Ethiopia.

“During the year we completed a restructuring of some of our facilities across India and also started to gradually bring down capacity in Ethiopia. We had shared that the AGOA Treaty has been kind of cancelled for now and hence duty-free exports from Ethiopia to the US have been halted. As such, the traffic for that location has come down, so we have started kind of reducing the footprint there. So, our installed capacity has come down to about 50 million pieces or so,” Samir Agrawal, chief strategy officer at Arvind, told analysts in a post-earnings call recently.

Enacted in 2000, the treaty, which offers duty-free access to the US from sub-Saharan African countries, was renewed till 2025 in 2015 but faces uncertainty over its further renewal.

However, for Arvind, the move to slash garmenting capacity in the African country is set to be compensated by fresh capital expenditure plans in India. According to Agrawal, during FY23, the company set aside ₹200 crore towards capacity augmentation in its advanced material division and garmenting businesses, as well as certain cost optimisation projects for fabric business. NOTICE
(for attention of Equity Members of the Company)

Sub.: Transfer of Equity Shares of the Company to the Investor Education and Protection Fund Authority (IEPF)

This Notice is hereby published pursuant to the provisions of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended from time to time ("the IEPF Rules"). As per Section 124(6) of the Companies Act, 2013 read with the above referred Rules, all shares in respect of which dividends declared by the Company has not been claimed or remained unpaid for seven consecutive years or more are required to be transferred by the Company to IEPF.

In accordance with the various requirements as set out in the Rules, the Company has already communicated individually to the Members for shares in respect of which dividend had remained unpaid or unclaimed for a period of seven years or more for the financial year 2014-15 (Final) under IEPF Rules and are liable to be transferred to the IEPF Authority for taking appropriate action(s). The Company has uploaded full details of such Members and shares due for transfer to the IEPF Authority on the website of the Company at www.occlindia.com.

All concerned members are further requested to encash the Final Dividend for the financial year 2014-15 and onwards by providing requisite documents to the Company or Company's Registrar and Share Transfer Agent **on or before 5th September, 2022**, so that the shares are not transferred to IEPF. In case the Company or Company's Registrar and Share Transfer Agent does not receive any communication within aforesaid period, the Company shall, with a view to complying with the requirement set out in the Rules, transfer the entire shares to IEPF, without any further notice by the following due process as mentioned below:

- In case of shares held in Physical form:** by issuing duplicate share certificates on behalf of the concerned members and then transferring the same to IEPF Authority.
- In case of shares held in Demat form:** by transferring the shares directly to demat account of IEPF Authority with the help of Depository Participants.

Concerned Members can claim both unclaimed dividend and shares transferred to the IEPF Authority after following the procedure prescribed in the IEPF Rules.

In case the Members have any queries/clarifications on the subject matter and the Rules, they may contact the Company's Registrar and Transfer Agent at Link Intime India Pvt. Ltd., Room No. 502 & 503, 5th Floor, Vaishno Chamber, 6, Brabourne Road, Kolkata - 700 001, Tel: +91 33 4004 9728/1698; E-mail: iepf.shares@linkintime.co.in.

The Notice may also be assessed on the Company's website at www.occlindia.com and may also be assessed on Stock Exchanges Websites at www.bseindia.com and www.nseindia.com.

HIMACHAL PRADESH INFRASTRUCTURE DEVELOPMENT BOARD
on behalf of
THE H.P. CITY TRANSPORT & BUS STANDS MANAGEMENT & DEVELOPMENT AUTHORITY (HPCT&BSM&DA)

Invites
REQUEST FOR PROPOSAL
for
Development of a New Bus Terminal and Commercial Complex-cum-Car Parking at Hamirpur under PPP mode on DBFOT basis.

Hamirpur City is spread from Jhaniari to Bhota along NH 3 and NH 103 and is a prominent commercial centre for the district. Hamirpur serves as a junction along the NH-3 for the buses and other transport heading towards Kangra, Dharamshala, Palampur and Baijnath. The existing bus stand located in Hamirpur is almost 2-3 decades old. Lack of organized bus facility, parking areas for buses and boarding arrangements for passengers have led to increase in the passenger-vehicle conflicts. In addition to this, establishment of various colleges and universities in the vicinity, has developed a need for establishment of a well facilitated shopping complex in the area. The HP City Transport Bus Stand Management & Development Authority ("HPCT&BSM&DA") has decided to develop a New Bus Terminal at Village Jhaniara, Hamirpur and Commercial cum Car Parking Complex at the existing Bus Stand site in Hamirpur in the State of Himachal Pradesh. The Project is proposed to be executed in two phases; the first phase shall entail developing and making operational the Bus Terminal along with associated amenities & facilities, and once the bus stand operations at the existing site shifts to the new Bus Terminal, the second phase involving the construction of a Commercial Complex with multi-storied car parking shall commence. The Concession Period is 30 (thirty) years which is inclusive of Construction Period of 18 months for Phase-1 and 24 months for Phase-2 of the Project.

Himachal Pradesh Infrastructure Development Board (HPIDB) on behalf of HPCT & BSM & DA, invites proposals from eligible Bidders for the development of the Project. For further details i.e. detailed scope of work, minimum eligibility criteria, bidding procedure and other terms and conditions, please refer to the detailed RFP documents hosted on our website <http://himachalservices.nic.in/hpidb/> or contact at the addresses given below. **The interested bidders are invited to attend the pre-bid meeting which shall be held on 12.07.2022 at 1100 hrs. at HPIDB office, Shimla.** For further updates, please visit the aforementioned website periodically as all updates shall be posted on the website only.

NOTICE OF THE 45TH ANNUAL GENERAL MEETING AND E-VOTING

NOTICE is hereby given that the 45th Annual General Meeting ("AGM") of the Members of Housing Development Finance Corporation Limited ("the Corporation") is scheduled to be held on **Thursday, June 30, 2022 at 2:00 p.m.** through two-way Video Conference ("VC") facility to transact the businesses as detailed in the Notice dated May 2, 2022, convening the AGM, in compliance with applicable laws including circulars issued by the Ministry of Corporate Affairs ('MCA Circulars') and Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015 from time to time. The link for the said VC facility would be available on the Corporation's website, www.hdfc.com.

The aforesaid Notice and the Annual Report for the financial year 2021-22 have been sent on Monday, June 6, 2022 through e-mail to the Members whose e-mail address is registered with the Depository Participant (DP)/ Link Intime India Private Limited (Registrar & Share Transfer Agent of the Corporation). These documents are available on the Corporation's website, www.hdfc.com, www.bseindia.com, and www.nseindia.com. The Notice convening the AGM is also available on the website of National Securities Depository Limited (NSDL) i.e., at www.evoting.nsdl.com.

NOTICE is further given that the Corporation is providing remote e-voting facility to all its Members to exercise their right to vote on all the resolutions listed in the said Notice and has availed the services of NSDL for providing the VC facility and remote e-voting. The detailed procedure for attending the AGM through VC and remote e-voting forms part of the said Notice. Some of the important details regarding the remote e-voting and VC facility are provided below:

EVEN (E-Voting Event Number)	119828
Cut-off date for determining the Members entitled to vote through remote e-voting or during the AGM	Thursday, June 23, 2022
Commencement of remote e-voting period	Monday, June 27, 2022 at 10:00 a.m.
End of remote e-voting period	Wednesday, June 29, 2022 at 5:00 p.m. The remote e-voting module will be disabled by NSDL thereafter.

Any person, who becomes a Member of the Corporation after dispatch of the Notice of the AGM and holds shares as on the cut-off date and who has not registered his/her e-mail address, may obtain the user ID and password by sending a request to evoting@nsdl.co.in. However, if such a Member is already registered with NSDL for remote e-voting, then he/she can use his/her existing user ID and password for casting vote.

The e-voting facility will also be made available during the AGM to enable the Members who have not cast their vote through remote e-voting, to exercise their voting rights. Members who have cast their vote through remote e-voting prior to the AGM may attend the AGM but shall not be entitled to cast their vote again.

In case of any difficulty or queries in connection with attending the meeting through VC or casting vote through e-voting facility, Members may contact:
