Date: 21.07.2020

The Director,
MoEF Regional Office (Central Region)
5th Floor, Kendriya Bhawan,
Sector 'H' Aliganj, Lucknow - 226 024

Subject : Compliance of Environmental Clearance conditions for 7.5 MW TPP.

Dear Sir,

Please find below the point - wise reply of the compliance conditions communicated vide letter No. J-13012/187/07-IA-II(T) dated 31.12.2007 from MoEF, New Delhi for 7.5 MW TPP

Project Code: Raj - 32/581/08

Name of the Project : 7.5 MW Captive Power Plant

Clearance Letter No. : J-13012/187/07-IA-II(T) dated 31.12.2007

Period of Compliance Report : 1st January, 2020 to 30th June, 2020 (as per GOI notification dated 26 Nov, 2018).

Compliance Conditions:

S. No.	Conditions	Compliance Status
1.	No additional land shall be acquired for any activity relating to the proposed project.	The present plant is in the same premises of J K White Cement Works & the additional land was available for the project.
2.	Sulphur contents in coal and lignite to be used as fuel for the project shall not exceed 0.7 % and 1.0 % respectively. In the event of the sulphur content exceeding the prescribed limits, lime treatment shall be given to control SO ₂ emission by at least 90%.	Coal, lignite & Petcoke has been used for power generation having sulphur content below 0.7 % & 1 % respectively. If the sulphur contents found more then prescribed limit lime treatment will be given.
3.	The height of the stack shall be as per the standards prescribed under the Environment (Protection) Act in this regards or 72 m, which ever is more with continuous online monitoring system. The exit velocity of the flue shall not be less than 18 m/sec.	The stack of 72 m height is provided.
4.	High efficiency electrostatic precipitators (ESPs) shall be installed to limit particulate emission to 100 mg/Nm ³ .	(i) Three chambered ESP has been installed. (ii) Stack opacity meter installed result display in CCR. We have online connected with BSRCB & CPCB servers. we are achieving <50 mg/Nm ³ particulate emission

PRODUCERS OF HIGH QUALITY WHITE CEMENT & WALL PUTTY

5.	Dust extraction and suppression system and water sprinklers shall be provided for controlling fugitive dust during transportation, in coal /lignite storage & handling area and other vulnerable areas of the plant.	We have already taken care for controlling the fugitive dust emission by adopting the better house keeping, concreting the movement areas and development of Green belt. Dust collectors have been installed at crusher house, Transfer Tower No. 1 & at Bunker top. Water sprinkle system has been provided at Grizzly Hopper for controlling of dust.
6.	Water requirement shall be met from the saving of water to be achieved with the replacement of DG sets and from STP. No additional water shall be extracted for the project.	Total water requirement of the project is 200 KL/D, out of which 62 KL has been met from STP treated water & 138 KL/D met as substitute of phased out DG set which is presently not in running due to TPP.
7.	Air cooled condenser shall be provide	Air Cooled condenser is provided
8.	The treated effluent shall be re-circulated and reused within the plant area. There shall be no waste discharge outside the plant boundary.	Wastewater discharge from various processes from thermal power plant. After proper treatment it is used for dust suppression & in green belt development. There is no water discharge out side the plant boundary.
9.	Rainwater harvesting shall be practiced. A detailed scheme for rain water harvesting to recharge the ground water aquifer shall be prepared in consultation with Central Ground Water Authority /State Ground Water Board and a copy of the same shall be submitted within three months to this Ministry.	We are provided very well rainwater harvesting system according to CGWA guidelines.
10.	Leq of Noise level shall be limited to 75 dB (A) and regular maintenance of equipments should be undertaken. For people working in high noise areas, personal protection devices should be provided.	Regular noise monitoring shall be ensured around plant boundary within stipulated norms. Recognized approved lab Report Annexure-I
11.	Dry ash collection system shall be provided. 100 % ash utilization shall be ensured from the day one of the commissioning of the plant.	Arrangement for collection of dry ash has been provided. The 100 % flyash/Cinder shall be utilized in our own and grey cement plant situated about 1 km from TPP as well as sister concern cement plants.
12.	A green belt shall be developed around the plant boundary with tree density of at least 1500 per ha covering 1/3 rd of the project area	Tree sapling of Neem, Desi Ashok, Pendular Ashok, Arjun etc. has been planted around the TPP boundary side & nearby area. Annexure-2
13.	First aid and sanitation arrangements shall be made for the drivers and other contract workers	Sanitation facilities for operators/workers have

	during construction.	been provided.
14.	Regular monitoring of the ambient air quality shall be carried out in and around the power plant and records maintained. The location of monitoring stations and frequency of monitoring shall be decided in consultation with the State Pollution Control Board. Periodic reports shall be submitted to the Regional Office of this Ministry at Lucknow.	The TPP is in the same premises of J K White Cement Works hence four manual AAQM stations are monitored regularly in consultation with Regional Office for the parameters of SPM/PM₁₀PM_{2.5}, SO₂, NO_x & CO. Results are well within the stipulated norms & results have been sent to concerned departments. Four number CAAQMS Station installed as per guidelines and connected to RSPCB and CPCB servers for online monitoring. Refer Recognized approved lab monitoring report Annexure-I
15.	The project proponent shall advertise in at least two local newspaper widely circulated in the region around the project, one of which shall be in the vernacular language of the locality concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the State Pollution Control Board/Committee and may also seen at Website of the Ministry of Environment & Forest at http://enfor.nic.in	Grant of Environmental Clearance has advertised in Rajasthan Patrika & Dainik Bhasker on dated 03.01.2008.
16.	A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.	Environment Department has been setup for environmental management and Unit Head to look after about the total control of pollution, monitoring & maintenance of pollution control devices with the help of Technical Head, Manager (Mechanical) along with Environment Department Officers, Environment Supervisor, Engineer (Chemical) & a trained team.
17.	Half yearly report on the status of implementation of the stipulated conditions and environmental safeguard shall be submitted to this Ministry, the Regional Office, and the CPCB / SPCB.	Complete Report is submitted to all concerned departments within time frame as directed.
18.	Regional Office of the Ministry of Environmental & Forests located at Lucknow will monitor the implementation of the stipulated conditions. A complete set of documents submitted to this ministry shall be forwarded to the Regional Office for their use during monitoring.	The complete set of documents is forwarded to concerned departments.
19.	Separate funds shall be allocated for implementation of environmental protection measures along with item-wise break-up. These cost shall be include as part of the project cost. The funds earmarked for the environment protection	The total cost of project is 43 crore out of which Rs. 339 Lacs invested for Env. Protection measures & Rs. 29 Lacs kept for recurring expenditure on environmental protection.

	measures shall not be diverted for other purpose and year-wise expenditure shall be reported to the Ministry.	
20.	Full cooperation shall be extends to the Scientist/Officers from the Ministry / Regional Office of the Ministry at Lucknow / the CPCB / the SPCB who would be monitoring the compliance of environmental status.	Agreed

Occupational health surveillance report attached. **Annexure-3**

We hope you will find the document in order. Kindly acknowledge the receipt.

Thanking you,

Yours faithfully

For **J K White Cement Works**

Dr. Ranjeet Kumar Bagariya
(Environment Head)
