Sub: Submission of the Six-Monthly Compliance Report of stipulated conditions in the Environmental Clearance granted for Limestone Mine- Khinya - II(A) Block (Auction Block), (Area: 304.0 ha) with total excavation of 6.04 Million TPA including 5.50 Million TPA ROM (Cement grade 5.40 million TPA and SMS grade 0.10 million TPA); 0.28 Million TPA Inter burden and 0.26 Million TPA Alluvial Sand/Top soil along with Installation of one mobile crusher of 50 TPH and 1500 TPH Crushers with vibrating screen near Village: Khinya, Tehsil: Shri Mohangarh, District: Jaisalmer (Rajasthan) by J.K. Cement Limited for the period: April-2025 to September-2025

Ref: - ML No. 01/ 2021  
EC granted by MoEF&CC vide File No. IA-J-11015/77/2021-IA-II (NCM) dated 11.07.2022

Dear Sir,

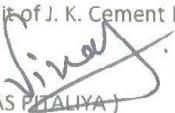

With reference to the above subject , we are submitting herewith the Six-Monthly Compliance Report of stipulated conditions in Environmental Clearance granted for our Limestone Mine-Khinya -II (A) Block (Auction Block), (Area: 304.0 ha) with total excavation of 6.04 Million TPA including 5.50 Million TPA ROM (Cement grade 5.40 million TPA and SMS grade 0.10 million TPA); 0.28 Million TPA Inter burden and 0.26 Million TPA Alluvial Sand/Top soil along with installation of one mobile crusher of 50 TPH and 1500 TPH Crushers with vibrating screen near Village: Khinya, Tehsil: Shri Mohangarh, District: Jaisalmer (Rajasthan) by J.K. Cement Limited for the period: April-2025 to September-2025 in compliance to the above referred EC letter.

As per MoEF & CC notification No.: S.O. 5845(E) dated 26.11.2018 regarding to submit the Environment Clearance Compliance Report in soft copy only and in compliance to the same, we are hereby submitting the EC Compliance through e-mail for your kind reference and record please.

We trust, your good self will find the same in order.

Thanking you,  
Yours faithfully,

For J. K. Cement Works  
(A Unit of J. K. Cement Ltd.)

  
( VIKAS PHALIYA )  
Authorized Signatory

Encl. As above.

## Conditions

### Specific Conditions

Sr.No.	Condition Type	Condition Details
1	MISCELLANEOUS	<p>The Project Proponent should install the Continuous Ambient Air Quality Monitoring Station in such numbers as per the scientific study and in consultation with CPCB.</p> <p><b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.</p> <p><b>Date:</b> 26/11/2025</p>
2	MISCELLANEOUS	<p>The Mine Lease area includes 95.72 ha of private land which belongs to 45 families. The Project Proponent has submitted a package of Rs 8.095 crore towards compensation for the agricultural land. The EAC quoting the policy of LARR of Government of India advised the Project Proponent to ensure that each land losing family buys alternate land with the compensation amount. The compensation may only be disbursed at the time when these families are making an agreement for land purchase. The Project Proponent shall submit the progressive as well as final settlement details of R&amp;R to IRO along with the compliance report every 6 months.</p> <p><b>PPs Submission:</b> Agreed to Comply Noted and agreed.</p> <p><b>Date:</b> 26/11/2025</p>
3	MISCELLANEOUS	<p>The Plantation in the public places which has been proposed by PP should include 50% fruit bearing trees which can become additional source of income for the local. The PP should ensure that the fruit trees are not planted along the road side.</p> <p><b>PPs Submission:</b> Agreed to Comply Noted and will be Complied.</p> <p><b>Date:</b> 24/11/2025</p>
4	Statutory compliance	<p>At no stage of mining operation the Grazing land will be diverted. A barrier between the mining zone and grazing land should be kept and boundary plantation to be taken up by the Project Proponent. Furthermore, the project proponent shall undertake development of grazing land in consultation with Villagers through re-grassing, drip irrigation and there should be an open access for all.</p> <p><b>PPs Submission:</b> Agreed to Comply Noted and will be Complied</p> <p><b>Date:</b> 24/11/2025</p>
5	Statutory compliance	<p>The Project Proponent should clearly indicate whether the existing road will be used for mining if minerals are found beneath. If mineral is found, a conceptual plan should be submitted by the PP clearly indicating the diversion of the existing road before initiating the Mining.</p>

<b>PPs Submission:</b> Agreed to Comply Noted and will be Complied.		Date: 24/11/2025
6	Statutory compliance	Since the progressive mining is proposed in 3rd year PP will have to follow the guideline for protecting the commuters from the impacts of drilling and blasting. 50 m buffer zone on either side should be created to protect the commuters during 1st five year plan.
<b>PPs Submission:</b> Agreed to Comply Noted and will be Complied.		Date: 24/11/2025
7	Statutory compliance	The Project Proponent to Install Continuous Ambient Air Quality Monitoring Station near the impact zone. PP shall also undertake water quality monitoring, Noise monitoring, vibration monitoring at the lease boundary and in the nearby villages.
<b>PPs Submission:</b> Agreed to Comply Noted and will be Complied.		Date: 24/11/2025
8	Human Health Environment	The Project Proponent should periodically monitor and maintain the health records of the mine workers digitally prior to mining operations, at the time of operation of mine and post mining operations. Regular surveillance on silicosis shall be carried through regular Occupational health check up every year for mine workers. PP shall also organize medical camp for the benefit of the local people and also the monitor the health impacts due to mining activity.
<b>PPs Submission:</b> Agreed to Comply Noted and will be Complied.		Date: 24/11/2025
9	WATER QUALITY MONITORING AND PRESERVATION	The Project Proponent shall continue to monitor the water quality of the stream/Nallah with specific reference to Langlier Saturation Index to assess the impact of calcium carbonate on water quality.
<b>PPs Submission:</b> Agreed to Comply Noted and will be Complied.		Date: 24/11/2025
10	ENERGY PRESERVATION MEASURES	The Project Proponent should explore the possibility for shifting to clean energy using electric equipment for cleaner production option to reduce the emission generated from various machineries
<b>PPs Submission:</b> Agreed to Comply Noted and will be Complied.		Date: 24/11/2025
11	Statutory compliance	The Project Proponent shall strictly follow the mitigation measures provided in MoEF&CC Office Memorandum No. Z-11013/57/2014-IA.II(M), dated 29th October, 2014.
<b>PPs Submission:</b> Agreed to Comply Noted and will be Complied.		Date: 24/11/2025
12	Statutory compliance	The Grazing land also should be protected by 50 m safety zone, access to the grazing land and its maintenance will be also done by PP in consultation with Villagers.

**PPs Submission:** Agreed to Comply  
Noted and will be Complied.

Date:  
24/11/2025

## General Conditions

Sr.No.	Condition Type	Condition Details
1	Statutory compliance	This Environmental Clearances (EC) is subject to orders / judgement of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, Common Cause Conditions as may be applicable.
		<b>PPs Submission:</b> Agreed to Comply Noted.
2	Statutory compliance	The Project proponent complies with all the statutory requirements and judgement of Hon'ble Supreme Court dated 2nd August, 2017 in Writ Petition (Civil) No. 114 of 2014 in matter of Common Cause versus Union of India & Ors before commencing the mining operations.
		<b>PPs Submission:</b> Agreed to Comply Noted and agreed.
3	Statutory compliance	This Environmental Clearance shall become operational only after receiving formal NBWL Clearance from MoEF&CC subsequent to the recommendations of the Standing Committee of National Board for Wildlife, if applicable to the Project.
		<b>PPs Submission:</b> Agreed to Comply Noted.
4	Statutory compliance	Project Proponent (PP) shall obtain Consent to Operate after grant of EC and effectively implement all the conditions stipulated therein. The Mining activity shall not commence prior to obtaining Consent to Establish/ Consent to Operate from the concerned State Pollution Control Board/Committee.
		<b>PPs Submission:</b> Being Complied Mining Project has obtained CTO from RSPCB vide file no: F(Mines)/Jaisalmer(Mohangarh)/10(1)/2022-2023/3651-3655 dated 31/08/2023. A copy of CTO is uploaded as Annexure - 1.
5	Statutory compliance	The PP shall adhere to the provision of the Mines Act, 1952, Mines and Mineral (Development & Regulation), Act, 2015 and rules & regulation made there under. PP should adhere various circulars issued by Director General Mines Safety (DGMS) and Indian Bureau of Mines time to time.
		<b>PPs Submission:</b> Agreed to Comply Noted and agreed.
6	Statutory compliance	The Project Proponent shall obtain consents from all the concerned land owners, before start of Mining operations, as per the provisions of MMDR Act, 1957 and rules made there under in respect of lands which are not owned by it.

<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 24/11/2025
7	Statutory compliance	The Project Proponent shall follow the mitigation measures provided in MoEFCC's Office Memorandum No. Z-11013/57/2014-IA.II (M), dated 29th October, 2014, titled "Impact of mining activities on Habitations-Issues related to the mining Projects wherein Habitations and Villages are the part of mine lease areas or Habitations and villages are surrounded by the mine lease area.".	
<b>PPs Submission:</b> Agreed to Comply Noted and agreed.			Date: 24/11/2025
8	Statutory compliance	The Project Proponent shall obtain necessary prior permission of the competent authorities for drawl of requisite quantity of surface water and from CGWA for withdrawal of ground water for the project.	
<b>PPs Submission:</b> Being Complied NOC for utilization of surface water and ground water has been obtained. (i) Surface Water: NOC for surface water drawl has been obtained from Indira Gandhi Nahar Department, Department of Water Resources, Govt of Rajasthan vide letter no F.6(3) IGNB/2021 dated 16.05.2025 from Indira Gandhi canal. (ii) NOC from CGWA has been obtained vide no: NOC/MIN/RJ/2025/8951/N dated 25/07/2025 with validity upto 24/07/2027. Copy of NOC uploaded as Annexure-02.			Date: 26/11/2025
9	Statutory compliance	A copy of EC letter will be marked to concerned Panchayat / local NGO etc. if any, from whom suggestion / representation has been received while processing the proposal.	
<b>PPs Submission:</b> Complied The copy of EC letter has been provided to concerned Panchayat along with other concerned departments copy of the same enclosed as Annexure-03.			Date: 24/11/2025
10	Statutory compliance	State Pollution Control Board / Committee shall be responsible for display of this EC letter at its Regional office, District Industries Centre and Collector's office / Tehsildar's Office for 30 days.	
<b>PPs Submission:</b> Complied The condition is related to SPCB.			Date: 24/11/2025
11	Statutory compliance	The Project Authorities should widely advertise about the grant of this EC letter by printing the same in at least two local newspapers, one of which shall be in vernacular language of the concerned area. The advertisement shall be done within 7 days of the issue of the clearance letter mentioning that the instant project has been accorded EC and copy of the EC letter is available with the State Pollution Control Board/Committee and website of the Ministry of Environment, Forest and Climate Change ( <a href="http://www.parivesh.nic.in">www.parivesh.nic.in</a> ). A copy of the advertisement may be forwarded to the concerned MoEFCC Regional Office for compliance and record.	
<b>PPs Submission:</b> Complied The advertisement about the grant of EC letter for the project has been published in two local newspapers namely Dainik Bhaskar and Rajasthan Patrika on dated 14th July 2022. Copy of the same is enclosed as Annexure-04.			Date: 24/11/2025
12	Statutory compliance	The Project Proponent shall inform the MoEF&CC for any change in ownership of the mining lease. In case there is any change in	

		ownership or mining lease is transferred. PP needs to apply for transfer of EC as per provisions of the para 11 of EIA Notification, 2006 as amended from time to time.
	<b>PPs Submission:</b> Agreed to Comply Noted and agreed.	Date: 24/11/2025
13	AIR QUALITY MONITORING AND PRESERVATION	The Project Proponent shall install a minimum of 3 (three) online Ambient Air Quality Monitoring Stations with 1 (one) in upwind and 2 (two) in downwind direction based on long term climatological data about wind direction such that an angle of 120° is made between the monitoring locations to monitor critical parameters, relevant for mining operations, of air pollution viz. PM10, PM2.5, NO2, CO and SO2 etc. as per the methodology mentioned in NAAQS Notification No. B-29016/20/90/PCI/I dated 18.11.2009 covering the aspects of transportation and use of heavy machinery in the impact zone. The ambient air quality shall also be monitored at prominent places like office building, canteen etc. as per the site condition to ascertain the exposure characteristics at specific places. The above data shall be digitally displayed within 03 months in front of the main Gate of the mine site. .
14	AIR QUALITY MONITORING AND PRESERVATION	Effective safeguard measures for prevention of dust generation and subsequent suppression (like regular water sprinkling, metallised road construction etc.) shall be carried out in areas prone to air pollution wherein high levels of PM10 and PM2.5 are evident such as haul road, loading and unloading point and transfer points. The Fugitive dust emissions from all sources shall be regularly controlled by installation of required equipment's/ machineries and preventive maintenance. Use of suitable water-soluble chemical dust suppressing agents may be explored for better effectiveness of dust control system. It shall be ensured that air pollution level conform to the standards prescribed by the MoEFCC/ Central Pollution Control Board.
15	WATER QUALITY MONITORING AND PRESERVATION	In case, immediate mining scheme envisages intersection of ground water table, then Environmental Clearance shall become operational only after receiving formal clearance from CGWA. In case, mining operation involves intersection of ground water table at a later stage, then PP shall ensure that prior approval from CGWA and MoEFCC is in place before such mining operations. The permission for intersection of ground water table shall essentially be based on detailed hydro-geological study of the area
16	WATER QUALITY MONITORING AND PRESERVATION	The Project Proponent shall undertake regular monitoring of natural water course/ water resource/ springs and perennial nallahs existing/ flowing in and around the mine lease and maintain its records. The project proponent shall undertake regular monitor water quality of upstream and downstream of the water bodies passing within and nearby/ adjacent to the mine lease and maintain its record.

		Sufficient number of gullies shall be provided at appropriate places within the lease for management of water. PP shall carryout regular monitoring w.r.t. pH and included the same in monitoring plan. The parameters to be monitored shall include their water quality as vis-a-vis suitability for usage as per CPCB criteria and flow rate. It shall be ensured that no obstruction and/ or alteration be made to water bodies during mining operations without justification and prior approval of MoEFCC. The monitoring water courses / bodies existing in lease area shall be carried out four time in a year viz. Pre monsoon (April-May), monsoon (August), post monsoon (November) and winter (January) and the record of monitored data may be sent regularly to Ministry of Environment, Forest and Climate Change and its regional office, Central Ground Water Authority and Regional Director, Central Ground Water Board, State Pollution Control Board and Central Pollution Control Board. Clearly showing the trend analysis on six monthly basis.
--	--	--

	<b>PPs Submission:</b> Agreed to Comply Noted and agreed.	Date: 24/11/2025
--	--	---------------------

17	WATER QUALITY MONITORING AND PRESERVATION	Quality of polluted water generated from mining operations which include Chemical Oxygen Demand (COD) in mines run-off; acid mine drainage and metal contamination in runoff shall be monitored along with Total Suspended Solids (TDS), Dissolved Oxygen (DO), pH and Total Suspended Solids (TSS). The monitored data shall be uploaded on the website of the company as well as displayed at the project site in public domain, on a display board, at a suitable location near the main gate of the Company. The circular No. "- 20012/1/2006-IA.11 (M) dated 27.05.2009 issued by Ministry of Environment, Forest and Climate Change may also be referred in this regard.
----	---	--

	<b>PPs Submission:</b> Agreed to Comply Noted and agreed.	Date: 24/11/2025
--	--	---------------------

18	WATER QUALITY MONITORING AND PRESERVATION	Project Proponent shall plan, develop and implement rainwater harvesting measures on long term basis to augment ground water resources in the area in consultation with Central Ground Water Board/ State Groundwater Department. A report on amount of water recharged needs to be submitted to Regional Office MoEFCC annually.
----	---	---

	<b>PPs Submission:</b> Agreed to Comply Noted and agreed.	Date: 24/11/2025
--	--	---------------------

19	WATER QUALITY MONITORING AND PRESERVATION	Industrial waste water (workshop and waste water from the mine) should be properly collected and treated so as to conform to the notified standards prescribed from time to time. The standards shall be prescribed through Consent to Operate (CTO) issued by concerned State Pollution Control Board (SPCB). The workshop effluent shall be treated after its initial passage through Oil and grease trap.
----	---	--

	<b>PPs Submission:</b> Agreed to Comply Noted and agreed.	Date: 24/11/2025
--	--	---------------------

20	WATER QUALITY MONITORING AND PRESERVATION	The water balance/water auditing shall be carried out and measure for reducing the consumption of water shall be taken up and reported to the Regional Office of the MoEF&CC and State Pollution Control
----	---	--

		Board / Committee.
	<b>PPs Submission:</b> Agreed to Comply Agreed and will be complied with the given direction.	Date: 24/11/2025
21	Noise Monitoring & Prevention	The peak particle velocity at 500m distance or within the nearest habitation, whichever is closer shall be monitored periodically as per applicable DGMS guidelines
	<b>PPs Submission:</b> Agreed to Comply Agreed and will be complied.	Date: 24/11/2025
22	Noise Monitoring & Prevention	The illumination and sound at night at project sites disturb the villages in respect of both human and animal population. Consequent sleeping disorders and stress may affect the health in the villages located close to mining operations. Habitations have a right for darkness and minimal noise levels at night. PPs must ensure that the biological clock of the villages is not disturbed; by orienting the floodlights/ masks away from the villagers and keeping the noise levels well within the prescribed limits for day /night hours
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.	Date: 26/11/2025
23	Noise Monitoring & Prevention	The Project Proponent shall take measures for control of noise levels below 85 dBA in the work environment. The workers engaged in operations of HEMM, etc. should be provided with ear plugs /muffs. All personnel including laborers working in dusty areas shall be provided with protective respiratory devices along with adequate training, awareness and information on safety and health aspects. The PP shall be held responsible in case it has been found that workers/ personals/ laborers are working without personal protective equipment.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
24	MINING PLAN	The Project Proponent shall adhere to the working parameters of the mining plan which was submitted at the time of EC appraisal wherein year-wise plan was mentioned for total excavation i.e. quantum of mineral, waste, over burden, inter burden and top soil etc. No change in basic mining proposal like mining technology, total excavation, mineral and waste production, lease area and scope of working (viz. method of mining, overburden & dump management, O.B. & dump mining, mineral transportation mode, ultimate depth of mining etc.) shall not be carried out without prior approval of the Ministry of Environment, Forest & Climate Change, which entail adverse environmental impacts, even if it is a part of approved mining plan modified after grant of EC or granted by State Govt. in the form to Short Term Permit (STP), Query license or any other name.
	<b>PPs Submission:</b> Agreed to Comply Noted and agreed.	Date: 26/11/2025
25	MINING PLAN	The Project Proponent shall get the Final Mine Closure Plan with Financial Assurance approved from Indian Bureau of Mines/ Department of Mining & Geology as required under the provision of

		the MMDR Act, 1957 and Rules/ Guideline made there under. A copy of approved final mine closure shall be submitted within 2 month of the approval of the same from competent authority to the concerned Regional Office of the Ministry of Environment, Forest & Climate Change for record and verification.
	<b>PPs Submission:</b> Agreed to Comply Noted and agreed.	Date: 26/11/2025
26	MINING PLAN	The land use of the mine lease area at various stages of mining scheme as well as at the end-of-life shall be governed as per the approved Mining Plan. The excavation vis-a-vis backfilling in the mine lease area and corresponding afforestation to be raised in the reclaimed area shall be governed as per approved mining plan. PP shall ensure the monitoring and management of rehabilitated areas until the vegetation becomes self-sustaining. The compliance status shall be submitted half-yearly to the MoEFCC and its concerned Regional Office.
	<b>PPs Submission:</b> Agreed to Comply Noted and agreed.	Date: 26/11/2025
27	LAND RECLAMATION	The Overburden (O.B.) generated during the mining operations shall be stacked at earmarked OB dump site(s) only and it should not be kept active for a long period of time. The physical parameters of the OB dump like height, width and angle of slope shall be governed as per the approved Mining Plan and as per the guidelines/circulars issued by D.G.M.S. w.r.t safety in mining operations shall be strictly adhered to maintain the stability of top soil/OB dumps. The topsoil shall be used for land reclamation and plantation.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
28	LAND RECLAMATION	The reject/waste generated during the mining operations shall be stacked at earmarked waste dump (s) site only. The physical parameters of the waste dumps like height, width & angle of slope shall be governed as per the approved Mining Plan and as per the guidelines/circulars issued by D.G.M.S. w.r.t safety in mining operations shall be strictly adhered to maintain the stability of waste dumps.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
29	LAND RECLAMATION	The reclamation of waste dump sites shall be done in scientific manner as per the Approved Mining plan cum progressive Mine Closure plan.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
30	LAND RECLAMATION	The slope of dumps shall be vegetated in scientific manner with suitable native species to maintain the slope stability, prevent erosion and surface run off. The selection of local species regulates local climatic parameters and help in adaptation of plant species to the microclimate. The gullies formed on slopes should be adequately taken care of as it impacts the overall stability of dumps. The dump

		mass should be consolidated with the help of dozer/ compactors thereby ensuring proper filling/ leveling of dump mass. In critical areas, use of geo textiles/ geo-membranes / clay liners / Bentonite etc. shall be undertaken for stabilization of the dump.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
31	LAND RECLAMATION	The Project Proponent shall carry out slope stability study in case the dump height is more than 30 meters. The Slope stability report shall be submitted to concerned regional office of MoEF&CC.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
32	LAND RECLAMATION	Catch drains, settling tanks and siltation ponds of appropriate size shall be constructed around the mine working, mineral yards and Top Soil/OB/ Waste dumps to prevent run off of water and flow of sediments directly into the water bodies (Nallah/ River/Pond etc.). The collected water should be utilized for watering the mine area, roads, green belt development, plantation etc. The drains/ sedimentation sumps etc. shall be de-silted regularly, particularly after monsoon season, and maintained properly
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
33	Statutory compliance	The project proponent shall obtain Consent to Establish/ Operate under the provision of Air (prevention and control of pollution) Act 1981 and the Water (prevention and control of pollution) Act 1974 from the concern State Pollution Control Board/ Committee.
	<b>PPs Submission:</b> Being Complied Consent to Operate has been obtained vide File No. F(Mines)/Jaisalmer(Mohangarh)/10(1)/2022-2023/3651-3655 dated 31.08.2023 with validity upto 31.07.2028. Copy of CTO is enclosed as Annexure 5.1	Date: 26/11/2025
34	LAND RECLAMATION	Check dams of appropriate size, gradient and length shall be constructed around mine pit and OB dumps to prevent storm run-off and sediment flow into adjoining water bodies. A safety margin of 50% shall be kept for designing of sump structures over and above peak rainfall (based on 50 years data) and maximum discharge in the mine and its adjoining area which shall also help in providing adequate retention time period thereby allowing proper settling of sediments/silt material. The sedimentation pits/ sumps shall be constructed at the corners of the garland drains.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
35	LAND RECLAMATION	The Top Soil, if any, shall temporarily be stored at earmarked site(s) within the mine lease and should not be kept unutilized for long. The Physical parameters of the top soil dumps like height, width and angle of slope shall be governed as per the approved Mining Plan and as per the guidelines framed by DGMS w.r.t safety in mining operations shall be strictly adhered to maintain the stability of dumps. The topsoil shall be used for land reclamation and plantation purpose.

**PPs Submission:** Agreed to Comply  
Noted and will be complied.

Date:  
26/11/2025

36

MISCELLANEOUS

No Transportation of the minerals shall be allowed in case of roads passing through villages/ habitations. In such cases, PP shall construct a 'bypass' road for the purpose of transportation of the minerals leaving an adequate gap (say at least 200 meters) so that the adverse impact of sound and dust along with chances of accidents could be mitigated. All costs resulting from widening and strengthening of existing public road network shall be borne by the PP in consultation with nodal State Govt. Department. Transportation of minerals through road movement in case of existing village/ rural roads shall be allowed in consultation with nodal State Govt. Department only after required strengthening such that the carrying capacity of roads is increased to handle the traffic load. The pollution due to transportation load on the environment will be effectively controlled and water sprinkling will also be done regularly. Vehicular emissions shall be kept under control and regularly monitored. Project should obtain Pollution Under Control (PUC) certificate for all the vehicles from authorized pollution testing centers. .

**PPs Submission:** Agreed to Comply  
Noted and will be complied.

Date:  
26/11/2025

37

MISCELLANEOUS

The Main haulage road within the mine lease should be provided with a permanent water sprinkling arrangement for dust suppression. Other roads within the mine lease should be wetted regularly with tanker-mounted water sprinkling system. The other areas of dust generation like crushing zone, material transfer points, material yards etc. should invariably be provided with dust suppression arrangements. The air pollution control equipment's like bag filters, vacuum suction hoods, dry fogging system etc. shall be installed at Crushers, belt-conveyors and other areas prone to air pollution. The belt conveyor should be fully covered to avoid generation of dust while transportation. PP shall take necessary measures to avoid generation of fugitive dust emission.

**PPs Submission:** Agreed to Comply  
Noted and will be complied.

Date:  
26/11/2025

38

GREENBELT

The Project Proponent shall develop greenbelt in 7.5m wide safety zone all along the mine lease boundary as per the guidelines of CPCB in order to arrest pollution emanating from mining operations within the lease. The whole Green belt shall be developed within first 5 years starting from windward side of the active mining area. The development of greenbelt shall be governed as per the EC granted by the Ministry irrespective of the stipulation made in approved mine plan.

**PPs Submission:** Being Complied

Approx. 4000 No's of sapling has been planted in 7.5 meter wide safety zone. Photograph of the same are enclosed as Annexure 4.1.

Date:  
26/11/2025

39

GREENBELT

The Project Proponent shall carryout plantation/ afforestation in backfilled and reclaimed area of mining lease, around water body, along the roadsides, in community areas etc. by planting the native species in consultation with the State Forest Department/ Agriculture Department/ Rural development department/ Tribal Welfare

		Department/ Gram Panchayat such that only those species be selected which are of use to the local people. The CPCB guidelines in this respect shall also be adhered. The density of the trees should be around 2500 saplings per Hectare. Adequate budgetary provision shall be made for protection and care of trees
	<b>PPs Submission:</b> Agreed to Comply Plantation activity will be carried out in backfilled and reclaimed area of mining lease.	Date: 26/11/2025
40	GREENBELT	The Project Proponent shall make necessary alternative arrangements for livestock feed by developing grazing land with a view to compensate those areas which are coming within the mine lease. The development of such grazing land shall be done in consultation with the State Government. In this regard, Project Proponent should essentially implement the directions of the Hon'ble Supreme Court with regard to acquisition of grazing land. The sparse trees on such grazing ground, which provide mid-day shelter from the scorching sun, should be scrupulously guarded/ protected against felling and plantation of such trees should be promoted.
	<b>PPs Submission:</b> Agreed to Comply Noted. Necessary alternative arrangements for livestock feed by developing grazing land will be done.	Date: 26/11/2025
41	GREENBELT	The Project Proponent shall undertake all precautionary measures for conservation and protection of endangered flora & Fauna and schedule –I species during mining operation. A wild life Conservation plan shall be prepared for the same clearly delineating action to be taken for conservation of flora and fauna. The plan shall be approved by Chief Wild Life Warden of the State Govt.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.	Date: 26/11/2025
42	GREENBELT	And Implemented in consultation with State Forest & Wildlife department. A copy of Wildlife Conservation plan and its implementation status (annual) shall be submitted to the Regional Office of the Ministry.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
43	Human Health Environment	The Project Proponent shall appoint an Occupational Health Specialist for Regular as well as Periodical medical examination of the workers engaged in the mining activities, as per the DGMS guidelines. The records shall be maintained properly. PP shall also carryout Occupational health check-ups in respect of workers which are having ailments like BP, diabetes, habitual smoking, etc. The check-ups shall be undertaken once in six months and necessary remedial/ preventive measures be taken. A status report on the same may be sent to MoEF&CC Regional Office and DGMS on half-yearly basis.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
44	PUBLIC HEARING	The Project Proponent must demonstrate commitment to work towards 'Zero Harm' from their mining activities and carry out Health

		Risk Assessment (HRA) for identification workplace hazards and assess their potential risks to health and determine appropriate control measures to protect the health and wellbeing of workers and nearby community. The proponent shall maintain accurate and systematic records of the I-IRA. The I-IRA for neighborhood has to focus on Public Health Problems like Malaria, Tuberculosis, HIV, Anaemia, Diarrhoea in children under five, respiratory infections due to bio mass cooking. The proponent shall also create awareness and educate the nearby community and workers for Sanitation, Personal Hygiene, Hand washing, not to defecate in open, Women Health and Hygiene (Providing Sanitary Napkins), hazard of tobacco and alcohol use. The Proponent shall carryout base line I-IRA for all the category of workers and thereafter every five years.
--	--	--

<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
--	---------------------

45	PUBLIC HEARING	The Proponent shall carry out Occupational health surveillance which be a part of HRA and include Biological Monitoring where practical and feasible, and the tests and investigations relevant to the exposure (e.g. for Dust a X-Ray chest; For Noise Audiometric; for Lead Exposure Blood Lead, For Welders Full Ophthalmologic Assessment; for Manganese Miners a complete Neurological Assessment by a Certified Neurologist, and Manganese (Mn) Estimation in Blood; For Inorganic Chromium- Fortnightly skin inspection of hands and forearms by a responsible person. Except routine tests all tests would be carried out in a Lab accredited by NABH. Records of Health Surveillance must be kept for 30 years, including the results of and the records of Physical examination and tests. The record of exposure due to materials like Asbestos, Hard Rock Mining, Silica, Gold, Kaolin, Aluminium, Iron, Manganese, Chromium, Lead, Uranium need to be handed over to the Mining Department of the State in case the life of the mine is less than 30 years. It would be obligatory for the State Mines Departments to make arrangements for the safe and secure storage of the records including X-Ray. Only conventional X-Ray will be accepted for record purposes and not the digital one). must meet ILO criteria (17 x14 inches and of good quality).
----	----------------	---

<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
--	---------------------

46	Human Health Environment	The Proponent shall maintained a record of performance indicators for workers which includes (a) there should not be a significant decline in their Body Mass Index and it should stay between 18.5 - 24.9, (b) the Final Chest X-Ray compared with the base line X-Ray should not show any capacities ,(c) At the end of their leaving job there should be no Diminution in their Lung Functions Forced Expiratory Volume in one second (FEV1) , forced vital capacity (FVC) and the ratio unless they are smokers which has to be adjusted and the effect of age , (d) their hearing should not be affected . as a proof an Audiogram (first and last need to be presented), (e) they should not have developed any persistent back pain, neck pain and the movement of their Hip, Knee and other joints should have normal range of movement, (f) they should not have suffered loss of any body part. The record of the same should be submitted to the regional office. MoEF&CC annually along with details of the relief and compensation paid to workers having above indications.
----	--------------------------	---

<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.			Date: 26/11/2025
47	Human Health Environment	The Project Proponent shall ensure that Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.			Date: 26/11/2025
48	Human Health Environment	Project Proponent shall make provision for the housing for workers/labors or shall construct labor camps within/outside (company owned land) with necessary basic infrastructure/ facilities like fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche for kids etc. The housing may be provided in the form of temporary structures which can be removed after the completion of the project related infrastructure. The domestic waste water should be treated with STP in order to avoid contamination of underground water.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.			Date: 26/11/2025
49	Human Health Environment	The activities proposed in Action plan prepared for addressing the issues raised during the Public Hearing shall be completed as per the budgetary provisions mentioned in the Action Plan and within the stipulated time frame. The Status Report on implementation of Action Plan shall be submitted to the concerned Regional Office of the Ministry along with District Administration.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.			Date: 26/11/2025
50	Corporate Environmental Responsibility	The activities and budget earmarked for Corporate Environmental Responsibility (CER) as per Ministry's O M No 22-65/2017-IA. II (M) dated 01.05.2018 or as proposed by EAC should be kept in a separate bank account. The activities proposed for CER shall be implemented in a time bound manner and annual report of implementation of the same along with documentary proof viz. photographs, purchase documents, latitude & longitude of infrastructure developed & road constructed needs to be submitted to Regional Office MoEF&CC annually along with audited statement.	
<b>PPs Submission:</b> Being Complied Under CER activity 10 desktop computers has been distributed to the Government Higher Senior Secondary School in Khinya. Additionally, 165 school bag kits were provided to the students at both the Government English medium school in Khinya (90 nos.) and the Government Higher Senior Secondary School in Khinvsar (75 nos.). A portable speaker was also provided to the Government English medium school in Khinya. Photographs and financial details are enclosed as Annexure 4.0.1.			Date: 26/11/2025
51	Corporate Environmental Responsibility	Project Proponent shall keep the funds earmarked for environmental protection measures in a separate account and refrain from diverting the same for other purposes. The Year wise expenditure of such funds should be reported to the MoEF&CC and its concerned Regional Office.	

<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.			Date: 26/11/2025
52	MISCELLANEOUS	The Project Proponent shall prepare digital map (land use & land cover) of the entire lease area once in five years purpose of monitoring land use pattern and submit a report to concerned Regional Office of the MoEF&CC.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.			Date: 26/11/2025
53	MISCELLANEOUS	The Project Authorities should inform to the Regional Office regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.	
<b>PPs Submission:</b> Being Complied Noted. Mine opening date letter submitted to DGMS attached as annexure 4.2.			Date: 26/11/2025
54	MISCELLANEOUS	The Project Proponent shall submit six monthly compliance reports on the status of the implementation of the stipulated environmental safeguards to the MOEFCC & its concerned Regional Office, Central Pollution Control Board and State Pollution Control Board.	
<b>PPs Submission:</b> Being Complied Six monthly compliance reports on the status of the implementation of the stipulated environmental is being submitted regularly to MoefCC. Copy of Acknowledgement is attached as Annexure 5.			Date: 26/11/2025
55	MISCELLANEOUS	A separate 'Environmental Management Cell' with suitable qualified manpower should be set-up under the control of a Senior Executive. The Senior Executive shall directly report to Head of the Organization. Adequate number of qualified Environmental Scientists and Mining Engineers shall be appointed and submit a report to RO, MoEFCC.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.			Date: 26/11/2025
56	MISCELLANEOUS	The concerned Regional Office of the MoEFCC shall randomly monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the MoEFCC officer(s) by furnishing the requisite data / information / monitoring reports.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.			Date: 26/11/2025
57	Statutory compliance	The project proponents obtain Forest clearance under the provision of forest (conservation) Act 1986 in case of the diversion of forest land for non- forest purpose involved in the project.	
<b>PPs Submission:</b> Complied NOC for no forest land present in mining lease area has been obtained from Deputy Conservator of Forest, Jodhpur Division vide letter dated 13.08.2021. Copy enclosed as Annexure-6.			Date: 26/11/2025
58	Statutory compliance	The project proponents shall obtain clearance from the National board for wildlife, if applicable.	

<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 26/11/2025
59	Statutory compliance	The project proponents shall prepare a Site- Specific conservation plan & Wildlife Management plan and approved by the Chief Wildlife Warden. The recommendation of the approved Site-Specific conservation plan/ Wildlife Management plan shall be implemented in consultation with the state forest. The implementation report Shall be furnished along with the six monthly compliance report. (In case of the presence of Schedule-I species in the study area).	
<b>PPs Submission:</b> Complied There is no any schedule -1 species found in study area. Authenticated Location map and list of flora and fauna has been obtained from DCF, Jaisalmer vide letter no F()DCF/Technical/2021-22/177 dated 12.01.2022. Copy of same is uploaded as Annexure - 7.			Date: 26/11/2025
60	Statutory compliance	The project proponents shall obtain the necessary permission from the Central Ground Water Authority, in case of drawl of groundwater/ from the competent Authority concerned in case of drawl of surface water required for the project.	
<b>PPs Submission:</b> Being Complied NOC for utilization of surface water and ground water has been obtained. (i) Surface Water: NOC for surface water drawl has been obtained from Indira Gandhi Nahar Department, Department of Water Resources, Govt of Rajasthan vide letter no F.6(3) IGNB/2021 dated 16.05.2025 from Indira Gandhi canal. (ii) NOC from CGWA has been obtained vide no: NOC/MIN/RJ/2025/8951/N dated 25/07/2025 with validity upto 24/07/2027. Copy of NOC uploaded as Annexure-02.			Date: 26/11/2025
61	Statutory compliance	The project proponent shall obtain authorization under the Hazardous & Other Waste Management Rule, 2016 as amended from time to time.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.			Date: 26/11/2025
62	AIR QUALITY MONITORING AND PRESERVATION	The project proponents shall install 24 X 7 continuous emission mounting system at process stack to monitor the stack emission with respect to standard prescribed in Environmental (Protection) Rules 1986 as amended from time to time and connected to SPCB & CPCB online server and calibrate these system from time to time according to equipment suppliers specification through labs recognized under Environment (Protection) Act, 1986 or NABL accredited laboratories. Monitor fugitive emission in the plant premises.	
<b>PPs Submission:</b> Agreed to Comply Ambient air quality monitoring will be carried out in mines lease area.			Date: 26/11/2025
63	AIR QUALITY MONITORING AND PRESERVATION	The project proponent shall monitor fugitive emission in the plant premises at least one in every quarter through lab recognized under Environment protection Act 1986. The project proponent shall install system to carry out continuous Ambient Air Quality monitoring for common/ criterion parameter relevant to the main pollutant released (i.e. PM10 and PM 2.5 in reference to PM Emissions and SO2 and NOx in reference to SO2 and NOx emissions) within and outside the plant area at least four locations (one within and three outside the plant area at the angle of 120' each) covering upwind and downwind directions.	

<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 26/11/2025
64	AIR QUALITY MONITORING AND PRESERVATION	The project proponent shall submit monthly summary report of continuous stack emission and air quality monitoring and results of manual stack monitoring and manual monitoring of air quality/fugitive emission to Regional office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six monthly monitoring report.	
<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 26/11/2025
65	AIR QUALITY MONITORING AND PRESERVATION	Appropriate Air Pollution Control (APC) system shall be provided for all the dust generating points including fugitive dust from all vulnerable sources, so as to comply prescribed stack emission and fugitive emission standards.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.			Date: 26/11/2025
66	AIR QUALITY MONITORING AND PRESERVATION	The project popular use leak proof trucks/dumpers carrying ore and other raw material and cover them with tarpaulin.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with			Date: 26/11/2025
67	AIR QUALITY MONITORING AND PRESERVATION	Wind shelter fence and chemical spraying shall be provided on the raw materials stock piles.	
<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 26/11/2025
68	AIR QUALITY MONITORING AND PRESERVATION	Design the ventilation system for adequate air changes as per ACGIH document for all tunnels, motor houses, Oil cellars.	
<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 26/11/2025
69	WATER QUALITY MONITORING AND PRESERVATION	The project Proponent shall install 24 X 7 continuous effluent monitoring system with respect to standards prescribed in Environment (protection) Rule 1986, as amended from time to time and connected to SPCB & CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognized under Environment (protection) Act 1986 or NABL accredited Laboratories.	
<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 26/11/2025
70	WATER QUALITY MONITORING AND PRESERVATION	The project proponents shall monitor regularly groundwater quality at least twice a year (pre and post monsoon) at sufficient number of piezometer/ sampling wells in the plant and adjacent area through	

		labs recognized under Environment (protection) Act, 1986 and NABL accredited Laboratories.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with	Date: 26/11/2025
71	WATER QUALITY MONITORING AND PRESERVATION	The Project proponent shall submit monthly summary report of continuous effluent monitoring and result of manual effluent testing and manual monitoring of groundwater quality to Regional office of MoEF&CC, Zonal office of CPCB and Regional Office of SPCB along with six monthly monitoring report.
	<b>PPs Submission:</b> Agreed to Comply Noted.	Date: 26/11/2025
72	WATER QUALITY MONITORING AND PRESERVATION	The Project proponent shall provide the slime disposal facility with impervious lining and collection wells for seepage. The water collected from the slime pond shall be treated and recycled.
	<b>PPs Submission:</b> Agreed to Comply Noted.	Date: 26/11/2025
73	WATER QUALITY MONITORING AND PRESERVATION	Sewage Treatment Plant shall be provided for treatment of domestic wastewater to meet the prescribed standards.
	<b>PPs Submission:</b> Agreed to Comply Noted.	Date: 26/11/2025
74	WATER QUALITY MONITORING AND PRESERVATION	Garland brain and collection pits shall be provided for each stock pile to arrest the run-off in the event of heavy rain and to check the water pollution due to surface run-off.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with	Date: 26/11/2025
75	WATER QUALITY MONITORING AND PRESERVATION	The project proponent shall practice rainwater harvesting to maximum possible extent.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with	Date: 26/11/2025
76	WATER QUALITY MONITORING AND PRESERVATION	The project proponents shall make efforts to minimize water consumption in the steel plant complex by segregation of used water practicing cascade and by recycling treated water.
	<b>PPs Submission:</b> Agreed to Comply Noted. Efforts will be made to minimize water consumption in mining unit.	Date: 26/11/2025
77	Noise Monitoring & Prevention	Noise level survey shall be carried out as per the prescribed guideline and report in this regard shall be submitted to Regional Office of the Ministry are part of six monthly compliance report.
	<b>PPs Submission:</b> Agreed to Comply	Date:

Noted and will be complied with.			26/11/2025
78	Noise Monitoring & Prevention	The ambient noise level should conform to the standard prescribed under E(P)A Rule, 1986 viz. 75db (A) during day time and 70db (A) during night time.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.		Date: 26/11/2025	
79	ENERGY PRESERVATION MEASURES	Provide solar power generation on roof tops of buildings, for solar light system for all common area, street light, parking around project area and maintain the same regularly.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.		Date: 26/11/2025	
80	ENERGY PRESERVATION MEASURES	Provide LED lights in their offices and residential areas.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.		Date: 26/11/2025	
81	WASTE MANAGEMENT	The waste oil, grease and other hazardous waste shall be disposed of as per the hazardous and other Waste (Management and Transboundary Movement) Rules, 2016.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.		Date: 26/11/2025	
82	WASTE MANAGEMENT	Kitchen waste shall be composted or converted to biogas for further use. ( to be decided on case to case basis depending on type and size of plant)	
<b>PPs Submission:</b> Agreed to Comply Noted.		Date: 26/11/2025	
83	GREENBELT	Greenbelt shall be developed in an area equal to 33% of the plant area with the native tree species in accordance with the CPCB guideline. The greenbelt shall inter alia cover the entire periphery of the plant.	
<b>PPs Submission:</b> Being Complied 4000 sapling has been planted in mine lease area. Photograph of the same are enclosed as Annexure 4.1			Date: 26/11/2025
84	GREENBELT	The Project Proponent shall prepare GHG emission inventory for the plant and shall submit the programme for reduction of the same including carbon sequestration including Plantation.	
<b>PPs Submission:</b> Agreed to Comply Noted.		Date: 26/11/2025	
85	Human Health Environment	Emergency preparedness plan based on the Hazard identification and Risk assessment (HIRA) and Disaster Management Plan shall be implemented.	

<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 26/11/2025
86	Human Health Environment	The project proponent shall carry out heat stress analysis for the workmen who work in high-temperature work Zone and provide Personal Protection Equipment (PPE) as per the norms of factory Act.	
<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 26/11/2025
87	Human Health Environment	Provision shall be made for the Housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care creche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.	
<b>PPs Submission:</b> Agreed to Comply Noted.			Date: 26/11/2025
88	Human Health Environment	Occupational health surveillance of the worker shall be done on a regular basis and records maintained as per the Factory Act.	
<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.			Date: 26/11/2025
89	Corporate Environmental Responsibility	The company shall have a well laid down Environmental Policy duly approve by the Board of Directors. The Environmental Policy should prescribed for standard operating procedure to have proper checks and balance and to bring into Focus any infringements/ deviation/ violation of the environmental/ forest/ wildlife norms/ conditions. The company shall have defined system of reporting infringements/ deviation/ violation of the environmental/ forest/ wildlife norms/ conditions and/ or shareholders/ stakeholders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.	
<b>PPs Submission:</b> Being Complied The company has laid down Environmental Policy duly approve by the Board of Directors. The same has been uploaded as Annexure - 8.			Date: 26/11/2025
90	Corporate Environmental Responsibility	A separate Environmental Cell both at the project and Company headquarter level, with qualified personnel shall be set up under the control of senior Executives, who will directly to the head of the Organization.	
<b>PPs Submission:</b> Agreed to Comply A separate Environmental Cell both at the project and company head quarter level, with qualified personnel has been set up under the control of senior executive, who will directly to the head of the organization			Date: 26/11/2025
91	Corporate Environmental Responsibility	Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent Authority. The year wise fund earmarked for Environmental Protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be	

		reported to the Ministry/ Regional Office along with the Six monthly Compliance Report.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.	Date: 26/11/2025
92	Corporate Environmental Responsibility	Self-environmental audit shall be conducted. Every Three year third party environmental audit shall be carried out.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied with.	Date: 26/11/2025
93	Corporate Environmental Responsibility	All the recommendation made in the Charter on Corporate Responsibility for Environmental Protection (CREP) for the Mineral Beneficiation plant shall be implemented.
	<b>PPs Submission:</b> Agreed to Comply Noted.	Date: 26/11/2025
94	MISCELLANEOUS	The Project Proponent shall make public the environmental clearance granted for their project along with the environmental condition and safeguarded at their cost by prominently advertising it at least two local newspaper of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
	<b>PPs Submission:</b> Complied Complied with.	Date: 26/11/2025
95	MISCELLANEOUS	The project proponents shall upload the status of compliance of the stipulated environmental clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
	<b>PPs Submission:</b> Being Complied Status of compliance of the stipulated environmental clearance conditions, including results of monitored data is uploaded on company website having URL: <a href="https://www.jkcement.com/environmental-compliance/">https://www.jkcement.com/environmental-compliance/</a> .	Date: 26/11/2025
96	MISCELLANEOUS	The project proponent shall monitor the criteria pollutants level namely PM 10, SO2, NOx (ambient levels as well as stack emission) or critical sectoral parameters, indicated for the projects and display the same at the convenient location for disclosure to the public and put on the website of the company.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
97	MISCELLANEOUS	The project proponent shall submit six monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment Forest and climate change at environmental clearance portal.
	<b>PPs Submission:</b> Being Complied Six monthly reports on the status of the compliance of the stipulated environmental conditions is being uploaded on Parivesh portal on regular basis. Compliance report for the period Oct 2025 to	Date: 26/11/2025

March 25 is uploaded vide Compliance Number: EC/M/COMPLIANCE/127371918/2025 on dated 26.05.2025. Copy of Acknowledgement is enclosed as Annexure - 9.

98	MISCELLANEOUS	The project proponent shall submit the environmental statement of each Financial year in form V to the concerned the State Pollution Control Board as prescribed under the Environmental (Protection) rules 1986, as amended subsequently and put on the website of the company.
	<b>PPs Submission:</b> Being Complied Environment statement for previous financial year is being submitted regularly to RSPCB. Environment statement for FY 24-25 is submitted by letter No. JSL/PROJ/33 on dated 16.09.2025. Copy of the same is enclosed as Annexure - 10.	Date: 26/11/2025
99	MISCELLANEOUS	The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned Authorities, commencing the land development work and start of production operation by the project.
	<b>PPs Submission:</b> Agreed to Comply Noted.	Date: 26/11/2025
100	MISCELLANEOUS	The project Authority must strictly adhere to the stipulations made by the State Pollution Control Board and State government.
	<b>PPs Submission:</b> Agreed to Comply Noted and agreed.	Date: 26/11/2025
101	MISCELLANEOUS	The project proponents shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
	<b>PPs Submission:</b> Agreed to Comply Noted and will be complied.	Date: 26/11/2025
102	MISCELLANEOUS	No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change (MoEF&CC).
	<b>PPs Submission:</b> Being Complied Noted. No further expansion or modifications will be carried out without prior approval of the Ministry of Environment, Forest and Climate Change.	Date: 26/11/2025
103	MISCELLANEOUS	The Ministry or any other competent authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.
	<b>PPs Submission:</b> Being Complied Noted and agreed.	Date: 26/11/2025
104	MISCELLANEOUS	Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attracts action under the provisions of Environment (Protection) Act, 1986.

<b>PPs Submission:</b> Being Complied Noted.		Date: 26/11/2025
105	MISCELLANEOUS	<p>The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their amendments and rules made there under and also any other orders passed by the Hon'ble Supreme Court of India/ High Court of Chhattisgarh and any other Court of Law relating to the subject matter.</p>
<b>PPs Submission:</b> Being Complied Noted.		Date: 26/11/2025
106	MISCELLANEOUS	<p>Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.</p>
<b>PPs Submission:</b> Being Complied Noted.		Date: 26/11/2025
107	MISCELLANEOUS	<p>This issues with the approval of competent Authority.</p>

Order No 2023-2024/Mines/10920

Date: 31/08/2023

Unit Id : 121,381

M/s J.K. Cement Ltd

**Kamla Tower Kanpur, Kanpur****Tehsil : Kanpur District :Kanpur****E-Mail : sunil.singh@jkceament.com**

**Sub:** Grant of Consent to Operate under Section 21(4) of Air (Prevention & Control of Pollution) Act, 1981 and under Section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 for your **Major Mineral** Mine at near Village-**Jaisalmer**, Tehsil-**Mohangarh**, District- **Jaisalmer (M.L.No-p3(1)Khan/Gr.-2/2021 )**.

**Ref:** (i) Your applications dated 10/08/2022  
 (ii) Received on 10/08/2022

**Sir,**

In view of the details submitted vide your above referred applications/ documents, the **Consent to Operate** under Section 21(4) of Air (Prevention & Control of Pollution) Act, 1981 and under Section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 is hereby granted for carrying mining activities. This consent is subject to the following stipulations:-

- 1 That this consent is being granted in favour of **M/s. J.K. Cement Ltd**, a Mine of **Major Mineral** having **M.L.No.- p3(1)Khan/Gr.-2/2021** in an area measuring **304.0000 Hectares** at/near Village-**Jaisalmer**, Tehsil-**Mohangarh**, District-**Jaisalmer**.
- 2 That this consent is valid for a period from **31/08/2023** to **31/07/2028**
- 3 That this consent is valid for following mining activities :-

Mineral	Permitted Mining Capacity
1 Limestone(ROM)	5.5000 MILLION TONES PER ANNUM

- 4 That the project proponent will comply with the Standard as prescribed vide the Ministry of Environment, Forest and Climate Change notification no. GSR 826(E) dated 16th November, 2009 with respect to National Ambient Air Quality standards.

Registered

File No F(Mines)/Jaisalmer(Mohangarh)/10(1)/2022-2023/3651-3655

Order No 2023-2024/Mines/10920

Date: 31/08/2023

Unit Id : 121,381

- 5 That this consent to establish/consent to operate is only for carrying out mining of mineral/ore and not for any processing/beneficiation or crushing/grinding of ore/mineral for which a separate application for consent to establish and/or consent to operate should be submitted. The project proponent is required to obtain separate consent to establish and consent to operate for carrying out mining of other mineral(s), if any or processing/beneficiation of such mineral(s) and for any addition/modification/alteration or change in process.
- 6 That this **Consent to Operate** is for mining / processing / beneficiation of product as mentioned above in **M.L.No.-p3(1)Khan/Gr.-2/2021** and a separate **Consent to Operate** is required to be obtained for any other Mineral mining/ processing/ beneficiation Plant/process if any and for any addition/ modification/ alteration or change in process.
- 7 That the occupier/operator of mine shall ensure that all the conditions imposed in the Environmental Clearance granted by MoEF&CC dated 11.07.2022 are strictly complied with.
- 8 All the EC conditions w.r.t. to PCM, Environmental Matters shall be strictly followed.
- 9 That this consent is valid for production of Limestone(ROM) @ 5.50 Million Tonnes Per Annum. For any change in product and/or increase in capacity/lease area, the mine has to seek fresh Environmental Clearance, consent to establish & consent to operate.
- 10 That the occupier/operator of the unit shall give more focus on plantation to cover 1/3 lease area under plantation. The species like Tamarind/Imli(Tamarindus Indica), Palas(Butea Monosperma), Ber(Zizipus Mauritiana), Bael(Aegle Marmelos), Moulisari(Mimusops Elengi), Siris(Albizia Lebbeck), Kacchnar(Bauhinia Variegata) should be planted for better control of noise and air pollution. Copy of bills of saplings purchased should be submitted to Board's Regional Office, Jaisalmer. The compliance of green belt development in the unit to be submitted by the PP after 6 months along with the photographic evidence.
- 11 The lessee shall gradually use co-processing materials in the mine to the considerable extent.
- 12 That the lessee shall submit monitoring report of Ambient Air Quality within the lease area, once in 3 months.
- 13 That the lessee shall install 3 nos. of Continuous Ambient Air Quality Monitoring Stations at Mine office for the measurement of air quality for PM10, PM2.5, NO<sub>2</sub>, CO and SO<sub>2</sub> and also ensure real time data connectivity with RSPCB server.

Order No 2023-2024/Mines/10920

Date: 31/08/2023

Unit Id : 121,381

- 14 That the lessee shall install 1 nos. of Piezo-meter along the periphery and regularly monitor and maintain records w.r.t. ground water level and quality in and around the mine lease.
- 15 That the Quality of polluted water generated from mining operations which include Chemical Oxygen Demand (COD) in mines run-off, acid mine drainage and metal contamination in runoff shall be monitored along with Total Suspended Solids (TDS), Dissolved Oxygen (DO), pH and Total Suspended Solids (TSS).
- 16 That the Industrial waste water (workshop and waste water from the mine) should be properly collected and treated. The workshop effluent shall be treated after its initial passage through Oil and grease trap.
- 17 That ground water shall not be abstracted without prior permission of the Central Ground Water Authority (CGWA).
- 18 That internal transport roads (Haul roads) should be Paved/Hard Surfaced using bitumen etc.
- 19 That haul roads should be regularly graded and compacted. Regular water sprinkling should be carried out on haul roads to minimize dust generations.
- 20 That adequate measure shall be taken for control of fugitive emissions from the areas prone to air pollution.
- 21 That you shall not establish/operate any stone crusher/mineral grinding/mineral processing plant within said lease without obtaining prior consent of the State Board.
- 22 That this consent to operate shall not be valid, if the lessee has not obtained permissions required, if any, from NBWL/Forest Department etc. with respect to Wild Life Sanctuary /National Parks/ Critical Tiger Habitats in compliance of various orders passed by any other law /act/rule/regulation or order of MOE&F and/or any Court / Tribunal time to time
- 23 That regular water sprinkling should be carried out in critical areas prone to air pollution and having high levels of SPM and RSPM such as on haul road, loading and unloading points and transfer points.
- 24 That the mine shall install adequately designed rain water harvesting structure for prevention and recharge of ground water in and around the lease area.
- 25 That the mine shall not allow making any obstacles to any natural water flow i.e., natural nallah/steam carrying rain water to any water body.
- 26 This the mine shall not allow unauthorized disposal of any solid waste on land inside or outside the premises.
- 27 That this consent to operate shall be subject to compliance of direction/order passed by Courts of Law in the matter,if any.

- 28 That the lessee should dump the overburden in such a manner that it does not get washed away to nearby water tanks and lakes etc. during rainy season.
- 29 That the lease shall not intersect the ground water table without permission of CGWA.
- 30 This consent shall be subject to validity of mining lease.
- 31 That all other general conditions enclosed as **Annexure** shall be strictly complied with.
- 32 That this Consent is subject to the conditions as stated above and general conditions as stated in Annexure. Further, the mining unit will comply with the provisions of the Air (Prevention & Control of Pollution) Act, 1981 & Water (Prevention & Control of Pollution) Act, 1974 and any such conditions as may be specified from time to time by the State Board under the provisions of the aforesaid Acts.
- 33 That the grant of this **Consent to Operate** is issued from the environmental angle only, and does not absolve the project proponent from the other statutory obligations prescribed under any other law or any other instrument in force. The sole and complete responsibility, to comply with the conditions laid down in all other laws for the time-being in force, rests with the industry/ unit/ project proponent.
- 34 That the grant of this **Consent to Operate** shall not, in any way, adversely affect or jeopardize the legal proceedings, if any, instituted in the past or that could be instituted against you by the State Board for violation of the provisions of the Act or the Rules made thereunder.
- 35 That the grant of this consent to establish/operate is issued from the environmental angle only, and does not absolve the project proponent from the other statutory obligations prescribed under any other law or any other legal instrument in force. The sole and complete responsibility, to comply with the conditions laid down in all other laws for the time-being in force, rests with the industry/unit/project proponent.

This bears approval of the competent authority.

**Validity of this NOC shall be subject to mandatory compliance of the following conditions:**

**Phase I (within 30 days)**

1. Installation of tamper proof digital water flow meter with telemetry on all the abstraction structure(s) is mandatory for all users seeking No Objection Certificate. Intimation regarding their installation shall be updated in Self-Compliance Module (Phase-I) of BhuNeer APP portal within 30 days of grant of No Objection Certificate.

**Phase II (within 11 months)**

1. Proponents shall mandatorily get water flow meter calibrated from an authorized agency once in a year.

2. Construction of purpose-built observation wells (piezometers) for ground water level monitoring is mandatory as per Section 14 of Guidelines. Water level data shall be made available to CGWA through web portal. Detailed guidelines for construction of piezometers are given in Annexure-II of the notified guidelines.

3. Proponents shall monitor quality of ground water from all the abstraction structure(s) once in a year. Water samples from bore wells/ tube wells / dug wells shall be collected during April/May every year and analyzed in NABL accredited or Govt. approved laboratories for basic parameters (cations and anions), heavy metals, pesticides/ organic compounds etc. Water quality data shall be made available to CGWA through the web portal.

4. In case of mining projects, additional key wells in core as well as buffer zones of the mine shall be established in consultation with the Regional Director, CGWB for ground water level monitoring four (4) times a year (January, May, August and November).

5. In case of mining project, the firm shall submit water quality report of mine discharge/ seepage from Govt. approved/ NABL accredited lab.

# All the above-mentioned mandatory compliance conditions are to be filed online in BHUNEER APP (<https://cgwa-bhuneer.mowr.gov.in>)timely.

**General Conditions:**

1. Application for renewal can be submitted online from 90 days before the expiry of NOC. Ground water withdrawal, if any, after expiry of NOC shall be illegal & liable for legal action as per provisions of Environment (Protection) Act, 1986 and amendment thereto, if any.
2. This NOC is subject to prevailing Central/State Government rules/laws/norms or Court orders related to construction of tube well/ground water abstraction structure / recharge or conservation structure/discharge of effluents or any such matter as applicable.
3. This NOC is being issued without any prejudice to the directions of the Hon'ble NGT/court orders in cases related to ground water or any other related matters.
4. No additional ground water abstraction and/or de-watering structures shall be constructed for this purpose without prior approval of the Central Ground Water Authority (CGWA).
5. The proponent shall seek prior permission from CGWA for any increase in quantum of groundwater abstraction as permitted in NOC.
6. Proponents shall install roof top rain water harvesting in the premise as per the existing building bye laws.
7. Proponents, who have installed/constructed rain water harvesting and artificial recharge structures shall continue to regularly maintain the water conservation structures.
8. The project proponent shall take all necessary measures to prevent contamination of ground water in the premises failing which the firm shall be responsible for any consequences arising thereupon.
9. Industries which are likely to cause ground water pollution, e.g. Tanning, Slaughter Houses, Dye, Chemical/ Petrochemical, Coal washeries, pharmaceutical, other hazardous units etc. (as per CPCB list), no recharge measures shall be taken up by such firms inside the plant premises. The runoff generated from the rooftop shall be stored and put to beneficial use by the firm. The firm need to undertake necessary well head protection measures to ensure prevention of ground water pollution as per Annexure III of the notified guidelines
10. Wherever feasible, requirement of water for greenbelt (horticulture) shall be met from recycled / treated waste water.
11. Wherever the NOC is for abstraction of saline water and the existing wells (s) is /are yielding fresh water, the same shall be sealed and new tubewell(s) tapping saline water zone shall be constructed within 3 months of the issuance of NOC. The firm shall also ensure safe disposal of saline residue, if any.
12. Unexpected variations in inflow of ground water into the mine pit, if any, shall be reported to the concerned Regional Director, Central Ground Water Board.
13. This NOC does not absolve the proponents of their obligation / requirement to obtain other statutory and administrative clearances from appropriate authorities.
14. This NOC does not imply that other statutory / administrative clearances shall be granted to the project by the concerned authorities. Such authorities would consider the project on merits and take decisions independently of the NOC.
15. In case of change of ownership, new owner of the industry will have to apply for incorporation of necessary changes in the No Objection Certificate with documentary proof within 6 months of taking over possession of the premises.
16. In case of new infrastructure projects having ground water abstraction of more than 20 m3/day, the firm/entity shall ensure implementation of dual water supply system in the projects.
17. In case of infrastructure projects, paved/parking area must be covered with interlocking/perforated tiles or other suitable measures to ensure groundwater infiltration/harvesting

18. In case of coal and other base metal mining projects, the project proponent shall use the advance dewatering technology (by construction of series of dewatering abstraction structures) to avoid contamination of surface water.

19. In the self-compliance report, the PP shall submit details of Drilling Agency/ Agencies, which has/ have constructed BW(s)/ TW(s) along with undertaking to the effect that all necessary measures have been taken as per directions of Hon'ble Supreme Court provided in Annexure-VII of guidelines dated 24.09.2020 in respect of abandoned/ failed BW(s)/ TW(s)/Piezometer(s), if any. The PP is advised to engage registered drilling agency/agencies. In the event of any mishap/ unfortunate incident due to negligence in taking measures for prevention of accident due to falling in Bore Well, both PP and concerned drilling agency shall jointly be held responsible and penal action as per extant Government rules shall be taken.

**20. Non-compliance of the conditions mentioned above is likely to result in the cancellation of NOC and legal action against the proponent. In case of violation of any NOC conditions, the applicant shall be liable to pay the penalties as per Section 16 of Guidelines**

Unit Id : 121,381

M/s J.K. Cement Ltd

**Kamla Tower Kanpur, Kanpur****Tehsil : Kanpur District :Kanpur****E-Mail : sunil.singh@jkcelement.com**

**Sub:** Grant of Consent to Operate under Section 21(4) of Air (Prevention & Control of Pollution) Act, 1981 and under Section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 for your **Major Mineral** Mine at near Village-**Jaisalmer**, Tehsil-**Mohangarh**, District- **Jaisalmer (M.L.No-p3(1)Khan/Gr.-2/2021 )**.

**Ref:** (i) Your applications dated 10/08/2022  
 (ii) Received on 10/08/2022

**Sir,**

In view of the details submitted vide your above referred applications/ documents, the **Consent to Operate** under Section 21(4) of Air (Prevention & Control of Pollution) Act, 1981 and under Section 25/26 of Water (Prevention & Control of Pollution) Act, 1974 is hereby granted for carrying mining activities. This consent is subject to the following stipulations:-

- 1 That this consent is being granted in favour of **M/s. J.K. Cement Ltd**, a Mine of **Major Mineral** having **M.L.No.- p3(1)Khan/Gr.-2/2021** in an area measuring **304.0000 Hectares** at/near Village-**Jaisalmer**, Tehsil-**Mohangarh**, District-**Jaisalmer**.
- 2 That this consent is valid for a period from **31/08/2023** to **31/07/2028**
- 3 That this consent is valid for following mining activities :-

Mineral	Permitted Mining Capacity
1 Limestone(ROM)	5.5000 MILLION TONES PER ANNUM

- 4 That the project proponent will comply with the Standard as prescribed vide the Ministry of Environment, Forest and Climate Change notification no. GSR 826(E) dated 16th November, 2009 with respect to National Ambient Air Quality standards.

Registered

File No F(Mines)/Jaisalmer(Mohangarh)/10(1)/2022-2023/3651-3655

Order No 2023-2024/Mines/10920

Date: 31/08/2023

Unit Id : 121,381

- 5 That this consent to establish/consent to operate is only for carrying out mining of mineral/ore and not for any processing/beneficiation or crushing/grinding of ore/mineral for which a separate application for consent to establish and/or consent to operate should be submitted. The project proponent is required to obtain separate consent to establish and consent to operate for carrying out mining of other mineral(s), if any or processing/beneficiation of such mineral(s) and for any addition/modification/alteration or change in process.
- 6 That this **Consent to Operate** is for mining / processing / beneficiation of product as mentioned above in **M.L.No.-p3(1)Khan/Gr.-2/2021** and a separate **Consent to Operate** is required to be obtained for any other Mineral mining/ processing/ beneficiation Plant/process if any and for any addition/ modification/ alteration or change in process.
- 7 That the occupier/operator of mine shall ensure that all the conditions imposed in the Environmental Clearance granted by MoEF&CC dated 11.07.2022 are strictly complied with.
- 8 All the EC conditions w.r.t. to PCM, Environmental Matters shall be strictly followed.
- 9 That this consent is valid for production of Limestone(ROM) @ 5.50 Million Tonnes Per Annum. For any change in product and/or increase in capacity/lease area, the mine has to seek fresh Environmental Clearance, consent to establish & consent to operate.
- 10 That the occupier/operator of the unit shall give more focus on plantation to cover 1/3 lease area under plantation. The species like Tamarind/Imli(Tamarindus Indica), Palas(Butea Monosperma), Ber(Zizipus Mauritiana), Bael(Aegle Marmelos), Moulisari(Mimusops Elengi), Siris(Albizia Lebbeck), Kacchnar(Bauhinia Variegata) should be planted for better control of noise and air pollution. Copy of bills of saplings purchased should be submitted to Board's Regional Office, Jaisalmer. The compliance of green belt development in the unit to be submitted by the PP after 6 months along with the photographic evidence.
- 11 The lessee shall gradually use co-processing materials in the mine to the considerable extent.
- 12 That the lessee shall submit monitoring report of Ambient Air Quality within the lease area, once in 3 months.
- 13 That the lessee shall install 3 nos. of Continuous Ambient Air Quality Monitoring Stations at Mine office for the measurement of air quality for PM10, PM2.5, NO<sub>2</sub>, CO and SO<sub>2</sub> and also ensure real time data connectivity with RSPCB server.

Order No 2023-2024/Mines/10920

Date: 31/08/2023

Unit Id : 121,381

- 14 That the lessee shall install 1 nos. of Piezo-meter along the periphery and regularly monitor and maintain records w.r.t. ground water level and quality in and around the mine lease.
- 15 That the Quality of polluted water generated from mining operations which include Chemical Oxygen Demand (COD) in mines run-off, acid mine drainage and metal contamination in runoff shall be monitored along with Total Suspended Solids (TDS), Dissolved Oxygen (DO), pH and Total Suspended Solids (TSS).
- 16 That the Industrial waste water (workshop and waste water from the mine) should be properly collected and treated. The workshop effluent shall be treated after its initial passage through Oil and grease trap.
- 17 That ground water shall not be abstracted without prior permission of the Central Ground Water Authority (CGWA).
- 18 That internal transport roads (Haul roads) should be Paved/Hard Surfaced using bitumen etc.
- 19 That haul roads should be regularly graded and compacted. Regular water sprinkling should be carried out on haul roads to minimize dust generations.
- 20 That adequate measure shall be taken for control of fugitive emissions from the areas prone to air pollution.
- 21 That you shall not establish/operate any stone crusher/mineral grinding/mineral processing plant within said lease without obtaining prior consent of the State Board.
- 22 That this consent to operate shall not be valid, if the lessee has not obtained permissions required, if any, from NBWL/Forest Department etc. with respect to Wild Life Sanctuary /National Parks/ Critical Tiger Habitats in compliance of various orders passed by any other law /act/rule/regulation or order of MOE&F and/or any Court / Tribunal time to time
- 23 That regular water sprinkling should be carried out in critical areas prone to air pollution and having high levels of SPM and RSPM such as on haul road, loading and unloading points and transfer points.
- 24 That the mine shall install adequately designed rain water harvesting structure for prevention and recharge of ground water in and around the lease area.
- 25 That the mine shall not allow making any obstacles to any natural water flow i.e., natural nallah/steam carrying rain water to any water body.
- 26 This the mine shall not allow unauthorized disposal of any solid waste on land inside or outside the premises.
- 27 That this consent to operate shall be subject to compliance of direction/order passed by Courts of Law in the matter,if any.

**Unit Id :** 121,381

- 28 That the lessee should dump the overburden in such a manner that it does not get washed away to nearby water tanks and lakes etc. during rainy season.
- 29 That the lease shall not intersect the ground water table without permission of CGWA.
- 30 This consent shall be subject to validity of mining lease.
- 31 That all other general conditions enclosed as **Annexure** shall be strictly complied with.
- 32 That this Consent is subject to the conditions as stated above and general conditions as stated in Annexure. Further, the mining unit will comply with the provisions of the Air (Prevention & Control of Pollution) Act, 1981 & Water (Prevention & Control of Pollution) Act, 1974 and any such conditions as may be specified from time to time by the State Board under the provisions of the aforesaid Acts.
- 33 That the grant of this **Consent to Operate** is issued from the environmental angle only, and does not absolve the project proponent from the other statutory obligations prescribed under any other law or any other instrument in force. The sole and complete responsibility, to comply with the conditions laid down in all other laws for the time-being in force, rests with the industry/ unit/ project proponent.
- 34 That the grant of this **Consent to Operate** shall not, in any way, adversely affect or jeopardize the legal proceedings, if any, instituted in the past or that could be instituted against you by the State Board for violation of the provisions of the Act or the Rules made thereunder.
- 35 That the grant of this consent to establish/operate is issued from the environmental angle only, and does not absolve the project proponent from the other statutory obligations prescribed under any other law or any other legal instrument in force. The sole and complete responsibility, to comply with the conditions laid down in all other laws for the time-being in force, rests with the industry/unit/project proponent.

This bears approval of the competent authority.

 <b>JKCement</b>	<b>Environment Policy</b>	Policy No: FY25/CESD/04 Supersedes: Environment Policy (01) Pages: 1 of 1 Date of Issue: 23/01/2025 Effective Date: 23/01/2025
---	---------------------------	--

### Environment Policy

**JK Cement Limited** (JKCL) promotes environmental protection as a core value in its operations. The company is dedicated to maintain a clean, green, and healthy environment by adhering to responsible practices and continuously improving its efforts in sustainability and resource conservation. JKCL is committed to:

- Ensure full compliance with all relevant laws, regulations, industry standards, and best practices, while adopting any additional measures necessary to go beyond regulatory expectations.
- Make environmental due diligence a core requirement for all upcoming Greenfield and Brownfield projects ensuring the protection of human health and the environment.
- Ensure clearly defined roles and responsibilities for all personnel involved in managing, performing, and verifying activities related to environmental and occupational health & safety (OH&S).
- Optimize resource utilization to enhance environmental management and ensure effective operation of pollution control equipment.
- Implement advanced technologies and robust practices to minimize emissions from our operations, ensuring compliance with regulatory standards & go beyond compliances.
- Set clear, measurable objectives and targets aimed at reducing environmental impacts, such as greenhouse gas (GHG) emissions, air pollutants, and other critical parameters, promoting a culture of continuous improvement.
- Review all active goals and targets at a minimum every 05 years to ensure consistency in our progress. Targets shall be recalculated and revalidated as necessary to align with evolving regulations and requirements.
- Continuously monitor and enhance environmental performance across all units in the areas of air, water, and waste through regular reviews, inspections, and audits.
- Build awareness among all stakeholders on environmental issues and compliance with relevant regulations through training and regular capability building sessions.
- Continuously enhance the effectiveness of our environmental management through a systematic approach for preventing, mitigating, and controlling environmental impacts, across our operations.

The policy shall be reviewed and updated as necessary to align with evolving regulations and best practices. Any amendments will be communicated to all stakeholders in a timely manner.

**ENVIRONMENTAL STATEMENT**  
**FORM - V**

Environmental Statement for the financial year 2024 -25, ending the 31<sup>st</sup> March' 2025

**PART-A**

i. Name an address of the owner/occupier of the industry operation or process	Khinya- II(A) Limestone Mine, M/s J. K. Cement Works, Village – Khinya, Tehsil – Mohangarh, District – Jaisalmer, Rajasthan 345001 (M.L. No- p3(1)Khan/Gr.-2/2021)
ii. Industry category Primary - (STC Code) Secondary - (STC Code)	Primary
iii. Production capacity 1. Limestone (ROM)	5.5 MTPA
iv. Year of establishment- (UNIT WISE)	2025
v. Date of last environmental statement submitted	NIL

**PART-B**

**WATER AND RAW MATERIAL CONSUMPTION**

i. **WATER CONSUMPTION** (in m<sup>3</sup>/day)

Process	: NIL
Domestic	: NIL

Name of products	Process water consumption per unit of products	
	During the previous financial year (2023-24) (KL/MT)	During the current financial year (2024-25) (KL/MT)
Limestone (ROM)	NIL	NIL

ii. **RAW MATERIAL CONSUMPTION**

Name of raw material	Name of products	Consumption of raw material per unit of output	
		During the previous financial year (2023-24)	During the current financial year (2024-25)
NIL	Limestone	NIL	NIL

### PART-C

#### POLLUTION DISCHARGE TO ENVIRONMENT / UNIT OF OUTPUT

Pollutants	Quantity of pollutants discharged (Ton/Day)	Concentration of pollutants in discharge (mg/Nm3)	Percentage of variation from prescribed standards with reasons
(a) Water	Not Applicable as mine was not in operation.		
(b) Air	Not Applicable as mine was not in operation.		

### PART-D

(As specified under Hazardous & Other Waste Management Rules' 2016)

Hazardous waste	Total Quantity	
	During previous financial year (2023-24) (KL)	During current financial year (2024-25) (KL)
(a) From Process	NIL	NIL
(b) From Pollution Control facilities	NIL	NIL

\* Hazardous waste generated will be sold to authorized recyclers authorized by CPCB.

### PART-E

#### SOLID WASTE

Source	Total Quantity	
	During previous financial year (2023-24) (MT/Year)	During current financial year (2024-25) (MT/Year)
(a) From process	NIL	NIL
(b) From pollution control facility	NIL	NIL
(c) Quantity rejected or reutilized with in the unit	NIL	NIL

**PART-F**

**Please specify the characterizations (in terms of composition and quantum) of hazardous as well as wastes and indicate disposal practice adopted for both these categories of wastes.**

Not applicable as hazardous waste not generated during reporting year.

**PART-G**

**Impact of the pollution abatement measures taken on conservation of natural resources and on the cost of production.**

Green belt development Activity in FY 24-25 in which 3000 nos. of plantation were done.

**PART-H**

**Additional measures / investment proposals for environmental protection including abatement pollution, prevention of pollution.**

Amount incurred during environmental conservation activity in FY 24-25 (Green Belt Development) – Rs. – 6,85,000/-

**PART-I**

**ANY OTHER PARTICULARS FOR IMPROVING THE QUALITY OF ENVIRONMENT**

NO

Yours faithfully,

For JK Cement Works,  
Khinya Mine
